LOWEST MAY TEMPERATURES ON RECORD

BRIGHT SPOTS EXIST IN FROST-DAMAGED AREAS OF VALLEY

Emergency Loan For Growers Sought By BCFG President

A telegram has been dispatched to Right Honorable James G. Gardiner, minister of agriculture, Ottawa, pointing out heavy losses to the fruit crop.

Wire, sent by A. R. Garrish, BCFG president, reads as follows:

"Heavy losses to Okanagan fruit crop caused by severe frost twenty-seventh to thirtieth April. Financial position of many growers desperate. Impossible to fully assess damage as yet but would request immediate consideration of system of government guaranteed emergency loan repayable over extended period to enable hard-hit growers to remain on orchards and carry on minimum essential operations. Will supply fullest possible estimate of damage and estimated credit needed as soon as reliable information available."

\$30,000 Offered

Hospital Sale Vote May 22

Disposal of the old Penticton hospital building rests once again with the civic voters of Penticton.

Council on Monday night gave three readings to a by-law providing for the sale of the empty structure to the Newhope Society Incorporated. Voters of the city will vote on this measure on Saturday, May 22.

Terms provide for the payment to the city by the society of a full price of \$30,000, with "no strings attached," but with the tacit understanding that the society intends using the building as a home for senior citizens.

While council is unanimous on the deal, in the voting at Monday's hockey-abbreviated meeting, Alderman E. A. Titchmarsh voted against it on the grounds that, as drafted, the by-law does not "padlock" the proceeds for the purpose of senior citizen home guarantee.

The society has already paid over \$2,000 as a pre-bid deposit. The group has agreed that it will immediately pay a further \$5,000 if the by-law passes, and the balance of the \$30,000 "on or before December 27 of this year." Title will not pass to them until the full price has been paid.

The extra time has been allowed the Newhope group to permit them to clear up certain financial arrangements, but their intention, as reported to council on Monday night, will be to complete the deal by May 22.

Group Plans For Senior Citizens' Home

Ratepayers of Penticton will go to the polls May 22 to vote on a proposed bylaw which would allow the city to sell the old Penticton hospital building to Newhope Benevolent Society for \$30,000. Intention of this group to operate the building as a senior citizens' home is substantiated by the following statement.

C. G. Moore, spokesman for the society, has expressed desire of members to proceed with renovations immediately upon receiving approval of taxpayers.

"Definite plans have been made by the society to alter the building to conform with government regulations," Mr. Moore

(Continued on Page 5)

Cherries Suffer Heavy Damage

Cherries are virtually wiped out, other stone fruits are sharply reduced, pears and apples were also hit. But the extent of damage varies from area to area and from orchard to orchard. Some growers are hopeful of a fairly good crop, others have been struck a disastrous blow.

Grave financial situation faced by many orchardists is pointed out by a telegram to Honorable James Gardiner, minister of agriculture, from BCFG President A. R. Garrish.

In his wire, Mr. Garrish refers to "the desperate financial position of many growers" and requests immediate consideration of a government guaranteed emergency loan repayable over an extended period of time to enable hard-hit growers to remain on their orchards.

In this area, Summerland district appears to have fared best, general bench areas of Penticton and lower levels at Skaha Lake suffered more than did Skaha Lake Bench, picture at Kaleden looks darker than it did earlier, Oliver and Osoyoos were severely hit and Keremeos-Cawston appear to be in better position than is Penticton.

Accurate Estimate Comes Later

Maurice Trumppour, provincial horticulturist, Penticton, cited reasons why it is impossible to give an accurate estimate at this time. It will be necessary to wait until buds set into fruit, success of pollination and amount of fruit drop all enter into the picture.

"Buds may set into fruit but may have been weakened and eventually drop off," he explained.

In the case of apples, the king blossom has been hit. One of a cluster of five, the king blossom generally develops first and other blossoms are then "burned out." One of the other four may produce but the apple is often

smaller and of poor shape. Frost bit and burrowed into the pistil, seed-bearing organ in the flower's centre leaving a tell-tale brown which closes up the organ, withholding pollen from the ovum and in many cases the pistil is also damaged.

This is how Don McMullen, meteorologist of the frost and wind warning service, explains the unnatural cold. "An outbreak of polar air, developing for several days, swept in from the Arctic, moved off into prairie regions. An offshoot developed and pushed into the northern Rockies and Fraser canyon until, eventually it had blanketed all of western Canada."

Polar Air Was Dry And Cold

"Before retreating it had shoved its way into the state of Washington and American prairie states. The air, due to its origin, was extremely cold and dry."

Minimum readings recorded at Penticton were 22 degrees the night of April 28, 21.7 on April 29 and 22.4 on April 30. Oliver's minimum was 18, Kelowna's the same and that of Vernon 19 degrees. Thompson Valley suffered similar damage while temperature reading at Omak early May 1 was 19 degrees. Previous low reading in Penticton for May was 25 degrees recorded May 1 and May 4, 1924.

Smudge pots were out in full force as growers battled to save their crops but it was a losing struggle in many cases because of the fact the cold was in the nature of a polar mass of air rather than a ground frost.

One exception to this is Brac-

syde Orchard, Skaha Lake orchard, where 1,000 smudge pots fired for three nights running by six men, appears to have saved 40 acres of apricots valued in the neighborhood of \$20,000.

"The apricot situation here looks good," stated Roy Emsland, manager of the orchard, "peaches appear to be not too bad but the cherry picture is not so good."

"Naramata is possibly a shade better off than Penticton," Mr. Trumppour said, after making preliminary survey. "Skaha Lake bench is not too badly off, Kaleden escaped the full blast of cold the first night but it caught up with them later. In Keremeos-Cawston the situation varies."

This is how the picture looks to Mr. Trumppour at this time: Cherries—practically wiped out, may be a trickle of a crop; apricots—there will be a crop, patchy, some orchards definitely no crop left; pears—not able to give an assessment of damage at this time. Buds were damaged two or three years ago but still had a crop; peaches—Elbertas quite badly damaged but some plots of Vedettes and Veterans look very good; apples—damaged but with possible exception of Deliculous and Stayman a reasonable tonnage is anticipated. Jonathans and Winesaps look much better than other varieties; prunes—fairly good shape.

At Summerland, A. W. Watt, district horticulturist, reported that the district will likely be in the soft fruit market on a commercial scale. Cherries have been hardest hit, he said, although along the front benches where buds were closed, they may have escaped.

Apricots along the front benches had set in some cases and were not frozen. There is peach damage but in Summerland and Vedettes stood up well, consequently Mr. Watt

(Continued on Page 8)

"Welcome to Penticton," says Mayor Oscar Matson as Max Silverman, president and coach of the Sudbury Wolves, steps from the Canadian Pacific airliner which brought the team here by charter flight Friday afternoon. The mayor and Penticton's first lady, Mrs. Matson, a group of other civic dignitaries and hundreds of enthusiastic boosters were on hand to give the eastern Allan Cup contenders a royal welcome. Following Mr. Silverman from the plane is "Red" Barrett, defence Wolves were obviously impressed with the welcome. "Anyone would think we were the V's bringing home the Allan Cup instead of a team come to take it away," cracked one of the Wolves.

Photo by Morrison

V's May Play For Canada In World Hockey Series

More than the Allan Cup may lie at the end of the hockey trail now being blazed throughout the Okanagan Valley.

A trip to Europe, with the honor of representing Canada for a so-called world title, could possibly be a prize for this city's V's next year. The title is now held by Russia.

D. G. Grimston, of New Westminster, immediate past president of the C.A.R.A., is quoted by M. P. Finerty, of Penticton, as suggesting that the Penticton team might very well be accorded the honor of representing the nation if it could fulfill certain conditions.

Mr. Finerty, managing director of CKOK, flew back to this city this morning after visiting at the coast. Last night he telephoned to the Penticton Herald to report on his discussion with Mr. Grimston.

What would be required would be a locally-subscribed guarantee of \$10,000 to help finance the project.

There are, however, a number of complications. The agreement of the league would have to be secured and, needless to add, the endorsement of the club and its players.

Just before press time today, a statement to the Herald by Clem Bird, president of the Penticton Hockey Club, was vigorously outspoken. "This team belongs to the public, the people of Penticton," he emphasized. "It isn't the property of any one individual or individuals. The fans should really make the decision. It would be nothing short of disastrous if we were to rush into some ill-devised plan to send a hockey team over to Communist Russia, only to ruin the league, and our own hockey club and arena financing into the bargain."

Mr. Bird was particularly critical of an announcement, made over CKOK today, to the effect that the radio station and the Herald were "guaranteeing" the needed \$10,000.

"The club does not belong to the radio or the newspaper," asserted Mr. Bird. "The Herald has undertaken to offer its best efforts towards raising this sum, in publicity support, if the project proves practical and acceptable, but can authorize no commitment beyond this until such time, and this

(Continued on Page 8)

V's Expect To Square Series With Win Tonight At Vernon

Penticton V's embarked for Vernon this afternoon confident that they will win tonight against the Sudbury Wolves, to square the best of seven Allan Cup final series.

The eastern champions took the first game of the finals by a score of 2-1 here Monday, but looked anything but impressive, while the V's only showed rare flashes of the form which carried them to the cup finals in two successive seasons.

Both sides are confident. V's emerged from the rough and tumble Monday with the feeling that they can take the visitors over the long pull and that same feeling is prevalent among the fans who witnessed the historic game.

Sudbury's coach, Max Silverman, is equally confident that his Wolves can tear the V's to pieces.

Only 150 seats were allotted to Penticton for the Vernon game, but a far larger allotment will be made for the third game of the series, which will be played at Kelowna on Friday. The fourth game will be played in Penticton on Saturday.

Proposed Location Protested

Objectors To New Drive-In

Apparently the plans to use the old city yard on Westminster avenue as a site for a drive-in theatre have encountered rough seas. For at Monday night's meeting of city council a delegation of residents in the area, numbering 17 in all, appeared well before council met, to register the objection to the plan. They also presented a petition, with additional names to those present signed to it.

The petition protested the establishment of the drive-in, but did not, in so many words, establish the reason for the objection.

"This means, I take it, that you do not want \$45,000 spent in your area," commented Mayor Oscar Matson.

Harry Whittier, one of two principal spokesmen for the delegation, stated that they had heard that a school might be established in that general area and felt that the area would be much better off with this. E. J. Carver remarked that his property would be directly across from the site, and that his picture windows, which now look out on a pleasing prospect, would have naught but a board fence and the rear of the screen

(Continued on Page 5)

HUNDREDS OF CANVASSERS READY TO GO

Next Tuesday, what is confidently expected to be the largest number of canvassers ever assembled in this city on any one single project, will go "over the top."

The drive will be on. It will be the opening effort in the Penticton and District United Welfare Appeal, the project embracing eight worthy and charitable organizations who this year, for the first time, are combining their forces in this one approach to the public.

The hundreds of canvassers, who are correlating their efforts under the direction of Mrs. A. M. Costley, will carry out their "bite" throughout Penticton and also in Naramata and Kaleden.

Overall campaign chairman is A. Loughheed, who, in discussing the appeal with the Herald today had only the one remark:

"Everything's ready. We're all set to go. Now watch us get that objective."

This objective stands at \$15,000, and it will be the aim in the canvassing program, which will really extend from next Tuesday until the following Saturday, although the principal effort will be made on the opening day.

Headquarters will be established in the corner office of the Central Building, which will be open at 1 p.m. on Tuesday.

On that day, and on each day following until the week's close, that office will be open to receive donations from 3 to 5 o'clock in the afternoon, and also from 7 to 9:30 in the evening.

"There can be no excuse that you didn't give because the canvasser somehow missed you," is the remark of Harold Gilmour, president of the executive administering the appeal organization.

SCOUT HALL LOCATION OF MAY 27 VOTE

Voters of Penticton polling division will cast ballots at Scout Hall, Jormyn avenue, May 27 on the question of sale of beer and wines under dining room licenses in this city.

Site of polling was announced this week by A. T. Loughheed, returning officer, who also pointed out that voters' list closes at 5 p.m. tomorrow and those wishing to vote must be on the list.

Ballots are to be marked with an X in either the "yes" or "no" column. "There will be no advance or absentee vote."

More than 55 percent is required to pass and, conversely, more than 45 percent is required to defeat. Percentage is based on the number of votes cast and does not include spoiled ballots.

HOCKEY EXTRA

The Penticton Herald of the edition, printed last Thursday, in which a complete rundown of the Western Canada hockey series was given, is still available. Anyone wishing a copy of this special paper may obtain one at the Herald office.

Blood Donor Clinic At United Church

Three-day Red Cross blood donor clinic got underway today at United Church hall with clinic hours from 10:30 a.m. to 8 p.m.

Naramata residents will contribute blood tonight while tomorrow night is reserved for citizens of Keremeos-Cawston district.

Summerland has been invited to join in the clinic. They hold a blood giving effort in the fall of the year.

Objective here, states publicity chairman Jack White, is 1,000 pints.

The Royal Winnipeg Ballet will make its third appearance in this city on Monday evening at 8:15 p.m. in the high school auditorium under the sponsorship of the Penticton Branch of the University of British Columbia Alumni Association. Pictured above is an excerpt from "Swan Lake" in which Odette, (Queen of the swans), Eva von Gonsky, gracefully glides across a clearing near the enchanted lake to dance with Prince Siegfried, Arnold Spohr, in the fairyland fantasy. The ballet company is bringing 28 dancers to perform in this presentation, as well as in "Don Quixote" (Pas de Deux); Finishing School and Concerto. Tickets for the ballet may be secured from the Harris Music Shop or from members of the UBC Alumni Association. All seats are reserved.

Old Hospital

(Continued from Page One) ple these as soon as possible. Meanwhile, they have obtained council permission to proceed with exterior decoration and changes, these to be carried out "without prejudice" to the future status of the building, meaning that if financing is not completed, the city will benefit by the work, and the group will not be recompensed for it in any way.

FAST ACTION
Steps leading up to this course of action moved rapidly during the week. Following their meeting with council last Tuesday, council's discussion with City Solicitor, John Atkins, on Wednesday morning, the Newhope heads travelled to Victoria, where they obtained full incorporation and registration as a society. This was a necessary step before the council could proceed further.

Also, in the interval, council, which had placed two propositions before the group, had agreed to accept the second of these. Basically, the propositions were: (1) re-phrasing of the original idea, that there be a "restrictive covenant" in the title before it passes to the society, and with the additional proviso that the public be given "a greater voice" in the administration; and, as alternate (2) the outright sale for \$30,000 "without strings".

SMALL DIRECTORATE
At last Tuesday's special committee meeting with City Solicitor, J. S. Atkins, the latter told council that the bylaws of the group as proposed required refinement, but there were some questions of policy which should be decided, the main objection being that the proposed society would, in effect, be a closed society with a very small directorate, concentrating control in the hands of three members of the executive. This point had previously been commented upon by members of the council.

It was stated that Mr. Moore had indicated that the group was prepared to proceed with the plan regardless of whether or not a grant would be forthcoming from the provincial government.

Mr. Atkins suggested, to the council that the sale of the property for \$20,000 with the knowledge that the market value was a minimum of \$28,000, and anywhere up to \$40,000, would, in effect, be making a grant to the society of approximately \$15,000, and that the council was thus justified in taking all precautions possible to insure that the making of this grant would ensure the establishment of a home for senior citizens.

These points were then taken up with Mr. Moore and his aides, in a conference held later that evening, Mayor Oscar Matson, indicating that it was but seemly that, before making what amounted to a grant of \$15,000, the council should be assured that a proper home for elderly people would be operated by this group, in accordance with standards set up by the provincial government.

Mr. Moore informed council that guests would be admitted regardless of their financial condition, and profits, if any, would be used to expand the project and later possibly provide a unit for chronic or convalescent cases.

In regard to restrictions as to the use of the buildings, and suggestions as to the improvement of the bylaws and constitution, the group was prepared to give such assurances as may be required, but were most anxious to finalize the project. Upon being advised that council considered the reduction in price between a "reasonable market value" and the \$20,000 offered, in the light of a grant, and therefore some control and restrictions to insure proper operation was desirable, Mr. Moore then made an offer to purchase the property for \$30,000, and to use it for any purpose whatsoever, without restriction. This latter is the proposition finally accepted by both parties.

The point raised by Alderman "Hitchmarsh" and agreed to in essence by the rest of the council, is that the larger portion of the proceeds, or a similar sum, earmarked for "development of a senior citizens' home" should the present plans for the old hospital fail to mature. Alderman "Hitchmarsh" wanted this clause read into the bylaw, but the rest of council considered that doing so would place needless "red tape" in the way of the use of the funds. This point will be decided later, by means of a resolution.

Donkirk, great agricultural and forest country, has practically no mineral resources.

MORE SIGNS

Need of a more adequate traffic sign at the junction of Forestbrook drive and Government street was noted in a letter from Hugo Dumont to council, received at the Tuesday session this week. The matter will be studied by the engineer and works committee and appropriate action taken.

TOUR PLANNED

A scenic tour of the Penticton district is being planned for delegates to the B.C. convention of Ladies' Auxiliaries to Canadian Legion.

About 250 women are expected here and the tour is scheduled for May 30 and 31. Cars and volunteers are needed and anyone able to assist is asked to get in touch with the Legion office.

CONFIDENTIALLY YOURS

MONTREAL — Let's face facts. If you've been looking for the secret of a really whiter wash, here's something to remember: Soaps and detergents—regardless of their colour—take out dirt. Bleach takes out stain. But Laundry Blue, and only Laundry Blue, puts white in. If you haven't been using Laundry Blue for your husband's shirts and your other important "whites", try it in your next wash. Buy a package at your grocer's today so you'll have it ready to use. It's so inexpensive to use that you can add whiteness to an entire wash for just a couple of cents. And the man in your life will be sure to notice it. For a whiter wash next wash day, get RECKITT'S BLUE or KEEN'S BLUE.

The Corporation Of The City Of Penticton BY-LAW No. 1204

A By-Law of the Corporation of the City of Penticton to Provide for the Sale and Disposal of Certain Parcels of Property

WHEREAS a satisfactory offer has been received for those lands and premises formerly used as and in conjunction with the Penticton Hospital on Hospital Hill in the City of Penticton, and hereinafter more particularly described, and whereas it is deemed expedient to sell and dispose of such lands and premises for which the satisfactory offer has been received:

THEREFORE the Municipal Council of The Corporation of the City of Penticton in open meeting assembled ENACTS as follows:

- That Lots one (1) to Seven (7) inclusive, in Block "C", Map one thousand and forty-one (1041), shall be and are hereby sold to the Newhope Benevolent Society for the sum of Thirty thousand and Fifty-three Dollars (\$30,053.00).
- That the Mayor and Clerk be and are hereby authorized to sign and seal the requisite deeds for the conveyance of the said property to the purchasers and such conveyance shall not contain any covenant guaranteeing Title.
- This By-law shall be cited for all purposes as the "Old Penticton Hospital Sale By-law, 1954".

Read a first, second and third time by the Municipal Council on the 3rd day of May, 1954.
Received the assent of the electors on the day of 1954.

Reconsidered and finally passed by a three-quarter majority of the Municipal Council, signed by the Mayor and Clerk and sealed with the Seal of the said Corporation on the day of 1954.

Mayor.

Clerk.

Take notice that the above is a true copy of the proposed By-law upon which the vote of the electors will be taken at the Gyro Band Room, 30 Martin Street, Penticton, B.C., on Saturday, the 22nd day of May, 1954, between the hours of 8 o'clock in the forenoon and 8 o'clock in the afternoon.

H. G. ANDREW,

City Clerk.

Public notice is hereby given that the vote of the electors of the City of Penticton will be taken on the above-mentioned By-law at the time and place noted above, and that Harley G. Andrew has been appointed Returning Officer to take the vote of such electors with the usual powers in that behalf.

C. OSCAR MATSON,

Mayor.

Robin Hood Bike Contest Winner!

Master Bud O'Connell, 365 Martin St., Penticton, is shown here with the streamlined new English bicycle he won on the Robin Hood Bike Contest Radio Show Saturday, May 1st.

Master O'Connell answered the question asked on the show correctly, and included a Guarantee Bag Tab from Robin Hood Quick Oats with his entry.

The Robin Hood Contest is easy to enter, and every boy and girl has a chance to win. Every week, a simple question is asked on the Robin Hood Show. Contestants are asked to send in their answer, with their name and address, along with a guarantee certificate or box-top from any Robin Hood product. Send entries to: The Robin Hood Bicycle Contest, care of CKOK, Penticton. Every week a shiny new English bicycle will be given away to a lucky boy or girl with the correct answer.

The Robin Hood Show is heard weekly on Saturday morning at 9:30 a.m. on CKOK.

Penticton Herald Editorials

The United Appeal

Next week is a very important week for the city of Penticton.

From Tuesday until the following Saturday a drive will be under way on which two things will depend: the well-being of eight worthy charitable organizations functioning in the city and district, and, by the same token, the good name of this city and district.

To make the objective that has been set, we submit, is an ambition in which everyone of us should share, both in spirit, and in hard dollars and cents.

Particularly to be remembered is the fact that this year unlike past years, there will be no continuing pressure of canvassers for this and that cause. This is it, this time. It's to be this, and no more.

It therefore follow that the donor, if he is to be a worthy donor, should estimate his contribution properly, and ensure that all those organizations which have been willing to submerge their individual identities in this sensible development, shall not suffer as a result.

To make merely a token gesture towards this united appeal, little larger than what would be given to any one of the separate approaches of earlier years, will be to ruin the scheme, to guarantee that, in any future year, we shall be back to the old chaotic and unremitting canvassing.

We therefore want to contemplate only the one outcome — success.

Here We Go - V's - Go

It all seems unreal, of course. Penticton people can be excused for shaking their heads these days, pinching themselves, and otherwise reassuring themselves that what they have been dreaming about all year (those who evaded to dream it) is really here, as big as life, and certainly a great deal louder. The "Go-Vs-Go" chant is now the accompaniment to the Allan Cup finals, brought here to the valley for the first time in its history.

It was just as unreal last year, of course, when the local hockey team went into the same finals, in only its second year of operation. But somehow or other, the excitement was still at more than

arm's length, away down there in Kitcheener. Now it's here, on Penticton's own doorstep.

The Dutchmen, we must point out, didn't have to try to turn deaf ears to thousands of encouraging voices, summing up Penticton's pride in its team — last year's winners down east jumped a very different fence from that now hemming in Sudbury's Wolves.

Our shouts are getting louder. There's no doubt about that. And before very many more days are out, so the prediction goes, such a shout will go up as has never before been heard in this valley and may perhaps never be heard again, for the Vees will have got their names on the biggest cup of them all.

A Common - Sense Suggestion

On May 22, Penticton voters will go to the polls to pass or refuse a proposal to dispose of the old hospital building for \$30,000.

The Herald, once again, emphatically suggests that the public get rid of this white elephant.

An earlier proposal, for a couple of thousand dollars less, was turned down by a rather slim margin.

Since the date of that turn-down, the city has lost that much more in taxes that would otherwise have been paid. There has been the not inconsiderable loss in revenue to the city's utility departments. Penticton has been paying out \$125 a month to a caretaker and keeping up insurance on a rapidly depreciating structure. All the while there have been sincere enough, but nevertheless futile efforts to convert the old structure into another hospital of sorts for chronics, a home for the aged, and so forth. As was predicted, nothing has eventuated.

As the Herald understands it, a group of business associates now incorporated as the Newhope Benevolent Society have made the offer to the city. They have given an indication, though they have not been required to give an outright guarantee, that they will operate a home for the aged. This may, to some extent, remove a part of the opposition which, on the earlier by-law vote, led to its defeat by a narrow margin.

But the Herald, in suggesting that the sale be ratified, is not particularly affected by the prospective development of an old people's home in such quarters. The new owners, if they pay their money and maintain their taxes, so far as we are concerned are at liberty to operate with the usual privileges or limitations attaching to investors of any kind.

What the Herald endorses is plain common sense in business. Penticton, as a city, cannot carry any white elephants. We favor getting rid of the property as a civic charge or responsibility.

A Winning Team

For continual service — as a kettee and a double bed at night. The "HYDABED" is the answer. A space saving 69" long, upholstered in green frieze, it folds out with very little effort, has its own spring and spring filled mattress. Priced at

BIRTHS

LEANDER - Born to Mr. and Mrs. A. Leander at Princeton Hospital, a son, Steven Alexander, April 21st, 1954.

SWANN - Born to Mr. and Mrs. W. H. Swann, 790 Revelstoke Ave., at Penticton Hospital a son, Robert Thomas, 6 pounds, 14 ounces. A brother for Freddy.

DEATHS

BIRCHTOLD - Passed away in Penticton Hospital May 2nd, 1954, Fredrick Emanuel in his 74th year. Survived by six sons: Fredrick, of Kelowna; John, of Port Coquitlam; Walter, of Paulder; Rudolph, of North Vancouver; Adolph, of Beaverdell; Ferdinand, Westbridge. Seven grandchildren. Funeral services will be held in Penticton Funeral Chapel, Wednesday, May 5th, at 2:00 p.m. Rev. L. A. Gabert officiating. Committal Lakeview Cemetery.

IN MEMORIAM

THORPE - In loving memory of dear Mom and Dad, who passed away May 9th and July 19th, 1949.

Remembrance is a golden chain. Death tries to break, but all in vain.

To have, to love and then to part Is the greatest sorrow of one's heart.

The years may wipe out many things, But this they wipe out never - The memory of those happy days.

When we were all together - Always remembered and sadly missed by Madge, Walter and all the family.

BUCKLE - In loving memory of Lois Buckle who passed away May 5th, 1952.

"God's Greatest Gift is Remembrance." Every day we remember from Irene, Harry and family.

BUCKLE - In loving memory of Lois, our dear little friend and neighbor who passed away 4th of May, 1952.

Her smiling and pleasant face, Are a pleasure to recall, She had a kindly word for each and died beloved by all.

Some day we hope to meet her, To clasp her hand in the better land, Never to part again.

Ever remembered by her loving friends and neighbors Mr. and Mrs. Arthur Armstrong.

BUCKLE - In loving memory of our dear daughter, Lois, who passed away May 4th, 1952.

You left sweet memories to blossom, Bearing fruit for the years to come.

In the lives of those who loved you, Precious memories of days that are gone.

LEGALS

TENDERS FOR COAL
WESTERN PROVINCES
SEALED TENDERS addressed
to the undersigned and endorsed
as above, will be received until
3:00 p.m. (E.D.S.T.), WEDNES-
DAY, MAY 26, 1954, for the sup-
ply of coal for the Federal Build-
ings and Experimental Farms and
Stations, throughout the Provin-
ces of Manitoba, Saskatchewan,
Alberta and British Columbia.

Forms of tender with specifi-
cations can be obtained from the
Chief of Purchasing and Stores,
Department of Public Works,
Room 768, Hunter Building, Ot-
tawa, the District Architect, 705
"Time Building, 333 Portage Ave.
Winnipeg, Man., the District
Architect, 321 Federal Building,
Saskatoon, Sask., the District Ar-
chitect, 725 Public Building, Cal-
gary, Alta., and the District Ar-
chitect, 1110 West Georgia Street,
Vancouver, B.C.
Tenders will not be considered
unless made on or according to
the printed forms supplied by the
Department and in accordance
with conditions set forth therein.
The Department reserves the
right to demand from any suc-
cessful tenderer, before awarding
the order, a security deposit in
the form of a certified cheque
drawn on a bank incorporated
under the Bank Act or the Quebec
Savings Bank Act payable to the
order of the Honourable the Min-
ister of Public Works, equal to
ten per cent of the amount of
the tender, in accordance with the
Government Contracts (Regula-
tions) now in force, or Bearer
Bonds with unmaturing coupons
attached, of the Government of
Canada or of the Canadian Na-
tional Railway Company and its
constituent companies, uncon-
ditionally guaranteed by the Gov-
ernment of Canada.

The lowest or any tender not
necessarily accepted.
ROBERT FORTIER,
Secretary,
Department of Public Works,
Ottawa, April 23, 1954. 18-2

POUND NOTICE
The following animal impounded
on the 26th day of April, 1954:
One roan horse, 4 white feet,
brand right hip.
Will be sold by me by public
auction at 2 p.m. Saturday, the
8th day of May, 1954, at
T. E. SWANN,
Poundkeeper.

Two drunks, one an Oliver
woman and the other a transient,
were assessed \$14.50 each or 15
days in Penticton police court
this morning. The woman heaved
a rock through a beer parlor
window. She was given time to
attempt to raise the fine. Trans-
ient took the jail term.

Final Names Contest
Close Race To Wire

The sixth and final contest in
the Penticton Herald's Scrambled
Names Series was noteworthy
for the excellence of the record
number of entries. All contest-
ants put forth a great deal of
effort in compliance with the
originality rule and, in order to
overcome any possibility of a
tie, swamped the judges with an
avalanche of sales and ontry
slips from participating mer-
chants.

The judges report a very dif-
ficult time determining the win-
ners who are as follows:
First prize to Mrs. Helen Nel-
son, 302 Brunswick St., who wins
an electric razor; Mrs. A. A.
Swift, 281 Haynes St., takes a
mantle model radio as second
prize, and third prize of a col-
fee maker and waffle iron goes
to Mrs. Sylvia Roberts, 126 Re-
gina Ave.

While not in the prize winning
group, the following contestants
had entries worthy of special
mention, and will be eligible for
the grand prize, a beautiful com-
bination radio-phonograph, win-
ner of which will be announced
in a later edition of the Herald.
Judges for this grand prize will
be a group of prominent citizens.
Mrs. D. N. McDonald 663 Braid
street, Mrs. Paul Pedersen, Sum-
merland, B.C., Mrs. Reg. Wor-
thing 549 Van Horne street, Mrs.
Rhona Nelson, Summerland, B.C.,
and Mrs. Ted Collier 1274 Kilwin-
ning street, all had entries close
behind the winners.

As is usual in contests of this
nature, entries cannot be return-
ed and the judges' decision must be
considered to be absolutely final.

Group Plans

(Continued from Page One)

provide a comfortable private
room for each occupant or a
suite for married couples, at the
same time providing a cheery
sitting room with a panoramic
view of the surrounding district."

Mr. Moore explained that the
plan also includes a dining room,
told the Herald, "and further
sewing room, library and hobby
shops with provision being made
for showing of pictures.
A local service club has vol-
unteered its services to assume
responsibility of serving regular
afternoon refreshments to the
guests, said Mr. Moore.

Newhope Benevolent Society
are prepared to accept applica-
tions from old age pensioners
and other needy persons, who
wish to reside at the home if
ratepayers approve the transac-
tion.

BOY SCOUT
Activities

For the purpose of raising
funds for their camp this coming
summer, the Second Penticton
Troop, under Scoutmaster Har-
vie Walker, staged a concert in
St. Andrew's Parish Hall last
Tuesday. There was a splendid
turnout for the program of vari-
ety concert showmanship.

Cubmaster Isabel McCaragan,
of the First Summerland Cub
Pack, brought her pack down
specially to help put on an en-
joyable skit depicting a sheik
and his harem dancers which
found wide favor among the au-
dience.

Comments from those who saw
the show, say it was a most en-
tertaining and enjoyable eve-
ning.

Whooping Cough
Prevalent Here

Dr. D. A. Clarke, medical health
officer for Penticton, reports an
unusually high incidence of
whooping cough in children in the
Penticton area during the past
six weeks. Over 50 children have
been reported to date to the South
Okanagan Health Unit, with 19
new cases reported last week.

Several of the cases have been
hospitalized but the majority of
cases have been mild, with a per-
sistent cough and occasional
vomiting.

Parents are reminded that
whooping cough is a preventable
disease and that all infants
should be adequately immunized,
starting at the age of three
months. Booster doses must be
given every two years up to the
age of six, in order to maintain
a high level of immunity in the
child.

Parents are urged to consult
their family physician, or see
that their children under six have
been adequately immunized. Spe-
cial clinics will be conducted in
the Red Cross Centre from 2 to
4 each Monday for the adminis-
tration of booster inoculations for
whooping cough.

Another 4 1/2 Miles
Of Blacktopping At
Summerland Slated

SUMMERLAND — Councillor
F. M. Stewart, chairman of roads,
has made an agenda for four and
a half miles of blacktopping to
be done within the municipality
again this season, as has been
the custom in recent years. It is
well distributed throughout the
district, although the places to be
done were not announced at the
Tuesday council meeting.

It is planned to put a drain
300-400 feet on the south Prairie
Valley road allowance near Frank
Hendrell's whose springs are giv-
ing trouble, Mr. Stewart said.
There was discussion of S. Fab-
bi's project on Crescent Beach
road. Mr. Fabbi has bought the
Mac Johnston property and plans
to pull down the hillside to make
a fill in the lake. This could
block the road were a slide to
occur, and Mr. Fabbi asked if
the municipal maintainer could
be obtained to clear it if neces-
sary. Council decided the mach-
ine would be available at a cost
of \$8 per hour.

NO DECISION
E. J. Hayward wrote to coun-
cil this week respecting his de-
sire to proceed with construction
of a building on his lot at the
rear of Ellis street, near Town-
ley street and also his offer
to purchase city-owned prop-
erty adjacent to it. No decision
has as yet been reached regard-
ing the opening of this street,
council indicated.

MAYOR WILLING
The question of valley repre-
sentation at the Canadian Fede-
ration of Mayors and Municipal-
ities convention, being held late
in August this year, is to be
taken up with the Okanagan Val-
ley Municipal Association at its
next session. Mayor Oscar Mat-
son stated he does not desire to sup-
plant anyone who might have prior
right.

Brazil's area of 3,280,000 square
miles is almost half the total
area of South America.

Outstanding
Jersey Record
At Summerland

An outstanding Jersey record
has been completed by a heifer
in the Experimental Farm herd
at Summerland in British Colum-
bia where many outstanding re-
cords have been completed over
the years.

The senior yearling heifer,
Summerland Star's Elite, in 305
days produced 7,440 pounds of
milk and 425 pounds of fat, quali-
fying for a silver medal certi-
ficate. Elite went on to complete
a 365 day record and has been
awarded another silver medal
certificate, for having produced
8,728 pounds of milk and 504
pounds of fat — truly an out-
standing performance for such a
youngster. This cow also heads
the senior yearlings for the
month of April.

Naramata Twins Win
B.C. Championship At
Badminton Tourney

NARAMATA — Naramata
twins, Marion and Marjorie Mc-
Farlane, won the doubles in the
under 14 years group at the Brit-
ish Columbia Junior Badminton
Championship tournament held
in Nelson during the Easter week
school holiday.

More than 300 were present at
the B.C. finals when the twins,
13 years old, received the cup
for their outstanding game at the
junior tourney.

Marion reached the semi-finals
in the singles to be defeated by
Janet Leigh, of Victoria, and she
and Basil Melkie, of Kelowna,
were runners-up in the mixed
doubles.

The daughters of Mr. and Mrs.
W. R. McFarlane, were winners
of two trophies in the tourna-
ment held in Kelowna last month.

Occupants Escape,
Car Almost Wrecked

Three youths escaped serious
injury when a late model car
went out of control and rolled
over south of Penticton, near
Roadhouse Road, Monday night.
Driver of the car, Roland
Houde, of Dawson Creek, was
fined \$35 and costs in police court
Tuesday when he pleaded guilty
to a charge of driving without
due caution. He received a black
eye in the mishap.

Other occupants of the vehicle,
N. J. Roy, Dawson Creek and
Cecil McRae, of Kelowna, Sask.,
were unhurt.

Houde said he lost control of
the car when it struck loose
gravel and estimated his speed
at between 55 and 60 miles per
hour.

The car, a 1953 Buick, was
damaged to the extent of \$1100.

Peachland
Council Notes

PEACHLAND — The regular
meeting of the Peachland Muni-
cipal Council was held on April
29 with Reeve G. W. Hawkey
in the chair and councillors Ay-
ers, Miller, Birkelund and Khal-
enbach present.

Business arising from the min-
utes was authorization by coun-
cil for the clerk to attend the
municipal clerks' convention in
Victoria on June 9 and 10.

Mr. O. Keay was given per-
mission to construct a new road
on municipal land. Trees are to
be planted every one hundred
feet along the lake shore. The
building of sidewalks throughout
the town area was discussed with
some council members favoring
the construction from general
revenue instead of under local
improvement assessments.

A letter from the P.T.A. request-
ing council to build a permanent
swimming platform received favor-
able consideration and council
will build the platform and try
to have the Recreation Commis-
sion pay a portion of the cost.

The sum of \$2000 was passed
to be used to install a new 30
horsepower pump and a ten inch
pipe for the domestic water sys-
tem. Bylaw 311 was given three
readings, charging owners of
land or real property, vacant or
otherwise, with a reasonable
charge for the convenience or
opportunity of using water.

Bylaw 312, the budget for 1954,
was given three readings. The
copy presented, based on the
1953 rates of 30 mills, showed a
small surplus could be expected,
but councillors Birkelund and Mil-
ler felt an increase of three mills,
which would produce \$1150, was
still in order. Councillors Ayers
and Khalenbach argued that due
to the damage in the fruit crop
an increase was not in order as
\$1500 more than last year was
expected from increased assess-
ments.

The Reeve finally put the mo-
tion calling for 42 mills with
councillors Birkelund and Miller
in favor. Councillors Khalenbach
and Ayers voted against the mo-
tion. Reeve declared the motion
carried.

The cootatoo of Australia and
the East Indies, related to the
parrot, is generally white, with
red and orange touches.

The cricket ground at Mel-
bourne, Australia, has accommo-
dated capacity crowds of 90,000.

On Deck With
The Sea Cadets

Well tonight is the night we
have been waiting for for the
past few months. This is the
night of our annual inspection,
in which we are given an oppor-
tunity to show the inspecting of-
ficer, and the public, what we
have learnt during the past few
months. Commander Little, RCN,
will be the inspecting officer.
Things will get under way at
7:30 when the cadets will muster
at the Rotary Park in front of
the Inco Hotel. In case of ad-
verse weather conditions the in-
spection will take place in the
Armouries. The inspecting of-
ficer would like to meet all par-
ents of cadets in the Cedar Room
of the Penticton Armouries im-
mediately following the inspec-
tion. All people interested, and
especially the parents of cadets,
are urged to attend.

The inspection will include a
march-past, cutter pulling dem-
onstration, a demonstration of
hoisting and lowering a seaboat,
steel-wire rope splicing, throwing
a heaving line and a Judo dis-
play.

Funeral Today For
Retired Railroader

Funeral services were held this
afternoon for retired CPR rail-
roader, Frederick Emanuel
Birkelund, who passed away last
Sunday, age 79 years.

Born in Berne, Switzerland he
resided in Penticton for the past
22 years and in British Colum-
bia for 40 years.

He is survived by six sons,
Frederick of Kelowna, John of
Port Coquitlam, Walter of Faul-
der, Adolph of North Vancouver,
Rodolph of Beavertown and
Ferdinand of Westbridge. Seven
grandchildren.

Funeral services were held from
Penticton Funeral Chapel,
Rev. L. A. Gabert officiating.
Committal at Lakeview Cemet-
ery.

CORRESPONDENCE

The Editor,
Penticton Herald

RE FRUIT CROP
In view of the recent heavy
blow to the fruit crop, I would
suggest through your esteemed
paper to some of the big boys in
B.C. Tree Fruits and its associate
body, that they give themselves
a voluntary cut in their large
salaries.

Mr. Lander, sales manager,
might start the ball rolling, as it
is probable he will not be very
busy this season. This action
would be far more consoling to
the little grower than to hang
wreaths of dead fruit buds on his
door.

R. B. ANTHONY, N.S.F.
(Needy Soft Fruiter)

Scene of one of the great bat-
tles of the Second World War,
the Pacific Island of Okinawa
covers only 485 square miles.

In And AROUND TOWN

Mrs. W. H. Miller, a former resident of this city, spent a few days here last week visiting at the home of Mr. and Mrs. Hugh Linn. The visitor was en route to her home at Carmangay, Alberta, after spending the winter months in Vancouver.

Mrs. W. A. Rathbun is currently in Calgary on a combined holiday and business visit.

Miss Deldre DeBeck has returned to Victoria to resume her training at the Royal Jubilee Hospital after holidaying for a short time with her parents, Mr. and Mrs. Victor DeBeck, of this city and Nanaimo. Miss DeBeck accompanied her mother to Penticton when she returned home after spending a vacation in Victoria and Nanaimo.

Mr. and Mrs. Lance Webber have returned to Penticton after spending the past three months in Los Angeles and Palm Springs, California.

Mrs. Gordon L. Thompson, of Mission City, was a weekend visitor in Penticton with her sister, Mrs. H. S. Parker.

Among those spending the weekend in this city were Mr. and Mrs. R. A. McCarthy, of Prince George, son and daughter-in-law of Mr. and Mrs. M. A. McCarthy.

Mrs. E. Thompson and Dr. Emma Thompson returned to Penticton today from Vancouver where the latter attended the recent Naturopathic Physicians' convention held in that city.

A. T. Longmore is leaving tomorrow for the coast to attend the Insurance Agents' Council meeting to be held on Friday in Victoria. Mr. Longmore is the council member on the association from the South Okanagan district.

Mr. and Mrs. R. E. Pritchard entertained informally on Sunday afternoon of last week for their son and daughter-in-law, Mr. and Mrs. Murray Pritchard, of Brandon, Manitoba. The honored couple were recently married and are spending their honeymoon on a visit in this city with the groom's parents and in visiting other centres of British Columbia.

Bride Wore Heirloom Veil At Brochu-Cramer Wedding

An exquisite bridal veil of illusion worn by her great aunt fifty years ago was chosen by Florence Ann Cramer to enhance her lovely wedding ensemble when she and Elmer Walter Brochu exchanged nuptial vows in the Penticton United Church at a 7:30 p.m. ceremony on April 17. Rev. Ernest Rands was the officiating clergyman.

Lighted tapers, softly glowing, and masses of Easter lilies and spring blooms provided a beautiful setting for the ceremony in which the bride, who is the daughter of Mr. and Mrs. H. A. Cramer, was given in marriage by her father to the son of Mr. and Mrs. George Brochu.

Chantilly lace was fashioned in the bride's gown styled with a bouffant tiered skirt and brief lace jacket topped the strapless bodice. A floral hair circlet held the heirloom veil which misted to cathedral length over the lovely bridal attire complemented with a bouquet of white and pink roses and the bride's opal necklace and earrings, gifts of the groom.

Pastel pink and blue frocks styled alike in ballerina length of airy net over satin were worn by the attendants, the Misses Barbara Puddy and Shirley Hafner. They wore flowered hair bandeaus to match their frocks; Miss Puddy in pink and the latter in blue. They carried nosegays of pink and blue carnations, and wore the bride's gifts, jewelled necklaces and earrings.

Howard Cockell was bestman and ushering were the wedding principals' brothers, George Cramer and George Brochu.

Mrs. Monica Craig Fisher was organ accompanist for Mrs. J. A. English when she sang "Because" during the signing of the register.

More than one hundred and fifty guests attended the wedding reception held in the Glangarry Room at the Hotel Prince Charles where the toast to the bride was proposed by Juan Puddy and to the bridesmaids by the bestman, Redland Rebekah Lodge No. 12 catered for the reception.

Servitors were the Misses Lorna Ryan, Margaret Keefe, Sharon Pryce, Dorothy Speck and Miriam Dennis.

Congratulatory messages were received by Mr. and Mrs. Brochu from Mrs. J. Brooks, London, England, and from Mr. and Mrs. A. F. Gibeault, Montreal.

A linen suit in pastel pink with matching accessories and carnation corsage were donned by the bride for the motor trip honeymoon to points south. The newly married couple will take up residence at 978 Belkhardt avenue west on their return to this city.

Out of town guests at the wedding were Miss Margaret Peel, Miss Joyce Carlson, Mrs. Olive Hart, Mrs. Pearl Toker, Mr. and Mrs. G. Arter, Mr. and Mrs. Ron Sales, Mr. and Mrs. Earl Moshinsky and Bill Hadley, Vancouver; G. H. Doherty, Jim Doherty, H. Dixon, Clyde Atkinson, Mrs. M. Cross and Mr. and Mrs. E. Doherty, Summerland; Mr. and Mrs. F. Montesano, Vernon, and Miss Muriel Cramer, Chilliwack.

Use a clean, untreated mop daily to keep your floors spotless between washings.

A disconsolate William Holden is given words of cheer by Ginger Rogers in this bittersweet scene from Paramount's brand new romantic comedy, "Forever Female", which is due to open next Monday at the Capitol theatre. Paul Douglas shares stellar billing with the above pair and Pat Crowley, a wonderfully fresh personality, is introduced in the film.

Cookie Week By Guides And Brownies Here

Saturday, May 1, was the beginning of the Girl Guide and Brownie "National Cookie Week" and in observance of the annual fund raising project, the cookies are being distributed this week from door to door by members of the local girls' groups. The leaders in the two organizations are appealing for the support of the public in the current activity. A portion of the proceeds from the sales is given to the various packs and companies.

Miss Beth Henson, Blue Diploma Trainer, from Vancouver, will be in this city on Saturday conducting an all-day session for leaders chiefly in the Guide movement with short intervals set aside for Brown Owls and patrol leaders.

The morning will be an outdoor gathering with the participants to meet at the Scout Hall on Jermyn avenue at 10:15 a.m. The afternoon and evening sessions will be held in the parish hall of St. Saviour's Anglican Church.

Division commissioner, Mrs. E. A. Titchmarsh, and district commissioner, Mrs. Innis Browne, are holding a series of classes for new Guides to train as leaders in the Guide and Brownie work. While the response has been excellent there is still need for additional leaders to join the course of instructions.

Anyone interested is asked to contact either Mrs. Titchmarsh or Mrs. Browne and be prepared to assist in the fall when leaders will be urgently required.

A divisional meeting will be held in the Summerland Youth Centre on Saturday, May 15, at 2 p.m. Following the meeting a camp discussion will be held at 4 p.m. under the leadership of Mrs. Browne, who is camp convenor.

Proposed Act Changes Discussed By Council

Council on Tuesday night discussed resolutions to be placed before the Okanagan Valley Municipal Association, these dealing with the plan to seek changes in both the Municipal Act and the Provincial Taxation Act, covering minimum and maximum assessments, as was reported in the Herald recently. It is planned if possible to eventually place these resolutions before the UBCM and through that body, eventually before the provincial cabinet.

Mayert-Kremer Marriage At Summerland

SUMMERLAND — On Saturday afternoon, April 17, Wilhelmina Maria, daughter of Mr. and Mrs. T. Kremer, Victoria, became the bride of August Mayert, son of Mr. and Mrs. G. G. Mayert, Summerland, in a ceremony at five o'clock performed in St. Andrew's United Church by Rev. C. O. Richmond.

The bride wore traditional white satin for her wedding with a sweeping floor-length veil. Her bridal bouquet was of red roses. Mrs. Ernie Mayert in a floor-length frock of aqua taffeta was the attendant. She carried pink roses. Dainty in pink organdy frocks, Donna and Shirley Mayert were flower girls.

Ivan Nelson gave the bride in marriage, and the best man was Ernie Mayert.

The bride's mother and brother were present from Victoria and Mrs. Peter Mayert and children came from Revelstoke for the event.

Archena Dorothy Baker And Ronald Alexander Buck Principals In Rites Here

Ice blue slipper satin misted with delicate French lace fashioned the picturesque gown worn by Archena Dorothy Baker when she and Ronald Alexander Buck exchanged marriage vows at a 3 p.m. ceremony on Easter Monday in St. Saviour's Anglican Church where the chancel was banked with a profusion of lilies, daffodils and white carnations. Rev. A. R. Eagles officiated at the pretty spring nuptials.

The petite blond bride, who is the only daughter of Mr. and Mrs. Clair Baker, was given in marriage by her father to the son of Mr. and Mrs. Harry Buck. Her lovely gown, styled by her aunt, Mrs. Russell MacKinnon, was designed with a molded bodice and very full skirt in train over which was worn a redingote of the ivory lace in white.

Pictured above is Laurel Christian, age 7, daughter of Alderman and Mrs. Frank Christian, holding the Donna-Marie Hauser Cup for Junior pianoforte solo, won by her at the Okanagan Valley Musical Festival. Laurel has the distinction of being the youngest Penticton performer to return home with a trophy. For further details on Musical Festival see page 5, second section.

Attractive features of the redingote were the Peter Pan collar, lily point sleeves and deep scalloped edge of the peplum fashioned to follow the graceful lines of the skirt's train. A rhinestone and pearl studded tiara clasped an illusion veil, which flowed in cathedral length over the bridal ensemble. The bride carried a shower bouquet of red roses mingled with valley lilies and wore earrings of pearl.

Mrs. Frank Neads, of Cranbrook, as matron of honor, wore a strapless gown of pink brocade satin designed with full skirt and fitted bodice over which was worn a tiny cape. She carried a nosegay of pink and white carnations. She and the two bridesmaids, Miss Thelma McCullum, the bride's cousin, and Miss Janice Stephenson, wore face framing lace picture hats and mittens to complement their attendants' attire. The bridesmaids' frocks were styled alike of tulle with bouffant net overskirts and brief lace jackets, the former choosing yellow and the latter choosing white and mauve carnations, and the latter with her nosegay fashioned of white and salmon colored carnations to accent her frock of lilac.

When Mr. and Mrs. Buck left for a motor trip honeymoon to Wenatchee and Vancouver, the bride donned a lagoon blue suit, navy accessories, yellow rose corsage and silver necklace and earrings, a gift of the groom. The newly married couple will take up residence in this city.

Out of town guests were the grandparents of the bride, Mr. and Mrs. Fred White, her great-uncle and aunt, Mr. and Mrs. Clem Jolly, and Mrs. Bertha Schaepe, all of Vancouver; Mr. and Mrs. John Manning, Mr. and Mrs. Wesley Davis, Mrs. Channon Snow, Miss Muriel Weitzel and Mrs. Belva Nesbitt, all of Summerland; Mrs. Everett Gordon, Prince George; Mrs. Archena Abra, Vernon; and Mr. and Mrs. Paul Bonthoux, Trout Creek.

Little Miss Patricia Dean, a flower girl, wore a sweet frock to match in color that worn by the bride. A full net skirt misted the floor length frock and the tiny girl wore a poke bonnet of the net with velvet bows and flowers, carried a nosegay of yellow roses and wore the gift of the bride and groom, a heart shaped locket and ring.

Terry Eastman was bestman at the ceremony and ushering were Charles O'Connell and Frank Neads, of Cranbrook. Mrs. Grant Dow was at the organ accompanying soloist, Miss Janice Forrest, who sang "O, Perfect Love" during the signing of the register.

Many friends of the popular young wedding principals gathered in the Masonic Hall for the large reception held following the ceremony. Toasts were proposed to the bride by W. C. Gibb, and to the attendants by the bestman, Miss Forrest sang "Because" during the reception hour. Among those assisting at the reception were Miss Darle Eastman, who served at the bride's table, and a number of the bride's friends and relatives who acted as servitors.

At the monthly meeting of the Senior Hospital Auxiliary held in the Red Cross Centre with the president, Mrs. D. H. Tully, conducting the session, plans were finalized for the annual Florence Nightingale Tea to be held next Wednesday afternoon on the hospital grounds. In the event of inclement weather arrangements have been made to serve tea in the hospital cafeteria.

FRUITS, BOOKS, VEGETABLES — It was brought to the attention of the auxiliary that gifts for hospital consumption of canned fruit and vegetables in the well known brands would be appreciated and these donations as well as books suitable for "The Library Shelf", a portable reading arrangement for hospital patients, could be deposited at the hospital during the tea hours next Wednesday.

Mrs. Graham Knight, appointed general convener of the Florence Nightingale Tea, will be assisted by Mrs. W. G. Roath, in charge of the sales in the "Baby Booth"; Mrs. Leighton Travis, refreshments; Mrs. E. Davis, kitchen; Mrs. J. T. Langridge, tea pots; Mrs. C. Walker, donations to hospital; Mrs. M. E. Lynde, silver collection; Mrs. H. Raimcock, Mrs. W. Lynch, Mrs. J. Stuart, Mrs. J. Riley, Mrs. R. Riley, Mrs. W. Riley, Mrs. G. Hockley, Mrs. F. Kluek, Mrs. L. Stephenson, Mrs. C. Foyler, Mrs. A. Morrison, Miss T. Morrison, Mrs. R. Salloway, Mrs. N. J. Hoover, Mrs. L. Street, Mrs. W. Cooper, Mrs. G. Atkinson, Mrs. F. Swanson, Mrs. L. Roberts, Mrs. H. Brochu and Mrs. R. Forester.

Present at the bridal showers were Mrs. W. J. Dixon, Mrs. E. Cramer, Mrs. O. B. Murray, Mrs. H. Raimcock, Mrs. W. Lynch, Mrs. J. Stuart, Mrs. J. Riley, Mrs. R. Riley, Mrs. W. Riley, Mrs. G. Hockley, Mrs. F. Kluek, Mrs. L. Stephenson, Mrs. C. Foyler, Mrs. A. Morrison, Miss T. Morrison, Mrs. R. Salloway, Mrs. N. J. Hoover, Mrs. L. Street, Mrs. W. Cooper, Mrs. G. Atkinson, Mrs. F. Swanson, Mrs. L. Roberts, Mrs. H. Brochu and Mrs. R. Forester.

Other discussions at the meeting centred on various other auxiliary activities. Mrs. Leighton Travis reported on the hospital board meeting at which the Horticultural Society had presented plans for an ornamental bed of suitable blooms on the hospital grounds. She also disclosed that the new X-ray machine was now in use and had received a great deal of public interest.

Mrs. Travis also mentioned that the new forty-hour week being put into effect at the hospital would result in additional staff being required.

It was with regret that Mrs. R. G. Gregory's resignation from the auxiliary executive was accepted. Mrs. W. H. Smith was appointed to fill the vacancy for the remainder of this year. Mrs. Gregory is leaving this city to take up residence in Nelson.

LIBRARY COMMITTEE — Mrs. C. Walker and Mrs. J. H. Collett were appointed to the library committee to assist Mrs. P. Barr, and Mrs. Collett reported that her team of auxiliary members had been successful in collecting \$98.00 in the recent Canadian Red Cross campaign.

In the report on the "Baby Booth" centred in the hospital entrance hall it was shown that baby garments to the amount of \$20.00 had been sold the past month. Mrs. W. B. Roath, convener, stated the need for additional volunteermitters to make the baby clothing.

Jr. Auxiliary To Hospital Submits Many Reports

The regular monthly meeting of the Junior Hospital Auxiliary was held in the Red Cross Centre last week with the president, Mrs. A. H. Frazer, occupying the chair.

Mrs. O. M. MacInnis was elected to the office of first vice-president owing to the vacancy created when the former officer Mrs. D. L. Frost, left this city to take up residence in Kelowna. Mrs. MacInnis was the captain of the eight auxiliary volunteers who assisted in the recent campaign conducted by the Canadian Red Cross Society.

The meeting was mainly taken up with the reports submitted on the annual spring fashion show convened by Mrs. J. W. Watson. A net report of \$931.80 was realized much to the gratification to all participating.

The members of the Penticton Hospital board and their wives will be invited to the May meeting of the auxiliary when the final payment on the \$7,000 pledge made to the hospital furnishing fund will be made. The Junior Hospital Auxiliary is justly proud of its success in obtaining the full amount of the large pledge.

Mrs. W. Roy Walker, auxiliary representative to the hospital board, submitted a report on board and hospital events of outstanding interest. A new ray machine, "The General Electric Imperial" has been installed at the hospital. This equipment is the most modern made and so far only four machines have been available — the others being installed in Vancouver, Tranquille and Los Angeles.

Continuing her excellent report Mrs. Walker disclosed that the latest Laevis Xenophus pregnancy test consisting of eight frogs has arrived from South Africa. This very new scientific test, the first to be employed in a valley institution, has profited the hospital to the extent of \$50.

She also said that an inventory of purchases is in the process of being compiled by the hospital administrator covering the large sum of \$10,361.44 donated by the auxiliary from the time the organization was established here in October 1947 up to the present time.

Mrs. A. E. MacDonald and Mrs. L. L. Beckett were introduced as new members to the Junior Auxiliary and the meeting concluded with a pleasant social half hour refreshments being served by Mrs. S. H. Cornock, Mrs. L. N. Wishart and Mrs. James Fleming.

Miss Shirley Dixon, a bride-elect of this month, was honored at a miscellaneous shower given recently by Mrs. G. Christie and Mrs. H. Worsnop at the home of the former.

A basket decorated with white and pink streamers contained the many lovely gifts presented to the honoree.

Present at the bridal showers were Mrs. W. J. Dixon, Mrs. E. Cramer, Mrs. O. B. Murray, Mrs. H. Raimcock, Mrs. W. Lynch, Mrs. J. Stuart, Mrs. J. Riley, Mrs. R. Riley, Mrs. W. Riley, Mrs. G. Hockley, Mrs. F. Kluek, Mrs. L. Stephenson, Mrs. C. Foyler, Mrs. A. Morrison, Miss T. Morrison, Mrs. R. Salloway, Mrs. N. J. Hoover, Mrs. L. Street, Mrs. W. Cooper, Mrs. G. Atkinson, Mrs. F. Swanson, Mrs. L. Roberts, Mrs. H. Brochu and Mrs. R. Forester.

Other discussions at the meeting centred on various other auxiliary activities. Mrs. Leighton Travis reported on the hospital board meeting at which the Horticultural Society had presented plans for an ornamental bed of suitable blooms on the hospital grounds. She also disclosed that the new X-ray machine was now in use and had received a great deal of public interest.

Mrs. Travis also mentioned that the new forty-hour week being put into effect at the hospital would result in additional staff being required.

It was with regret that Mrs. R. G. Gregory's resignation from the auxiliary executive was accepted. Mrs. W. H. Smith was appointed to fill the vacancy for the remainder of this year. Mrs. Gregory is leaving this city to take up residence in Nelson.

LIBRARY COMMITTEE — Mrs. C. Walker and Mrs. J. H. Collett were appointed to the library committee to assist Mrs. P. Barr, and Mrs. Collett reported that her team of auxiliary members had been successful in collecting \$98.00 in the recent Canadian Red Cross campaign.

In the report on the "Baby Booth" centred in the hospital entrance hall it was shown that baby garments to the amount of \$20.00 had been sold the past month. Mrs. W. B. Roath, convener, stated the need for additional volunteermitters to make the baby clothing.

For a wonderful and different vegetable combination mix cooked green peas, cooked baby green lima beans, and sliced cooked green snap beans.

Two New Members For L.A. To U.T.C. Council

Twenty-one members attending the regular meeting of the United Commercial Travelers Ladies' Auxiliary held recently at the home of Mrs. W. P. Suter welcomed two new members, Mrs. R. W. Israel and Mrs. R. W. Fairclough. The president, Mrs. R. W. Hollett, occupied the chair.

Business discussions during the evening centred around an entertainment committee which was arranged with Mrs. Frank Speers and Mrs. Suter, appointed to serve on that club activity.

Nine auxiliary members volunteered to canvass in the forthcoming United Appeal campaign. The next meeting of the L.A. will be held at the home of Mrs. J. Jerome on May 22.

Following the adjournment of the session the members joined

the UCT Council at the Steamers for an enjoyable evening of dancing.

Name _____ Address _____

Frost Damage Survey

(Continued from Page One)

believes the district is still in the peach business. Prunes were uninjured, he says, and apples and pears were given a "good thing" by the frost. In the upper valleys and behind Peachland where peaches were in the pre-pink stage there is thought to be little injury. This opinion is of now, Mr. Watt emphasized, and gives considerably more hope to growers than earlier predictions. He added that there may be quite a fruit drop later, but this is difficult to estimate.

In Oliver, Don Allan, district horticulturist, said all fruits have been affected but it is too early to estimate final overall damage. Pollination and June drop are factors yet to be considered, he stated.

"Prunes are the least damaged of stone fruits and others are quite seriously affected," he continued. "It is not a good situation and many of the long-time resident growers here say this was the worst spring frost in history. Delicious apples and pears seem to be badly damaged."

Mr. Allan said: "Other reports told of tomatoes and cucumbers set out under hot caps being frozen."

In the various districts of Penticton, orchardists were questioned as to estimates of damage to their orchards. Their comments follow:

Jack Reading, Poplar Grove district: "It appears to me that what small amount of soft fruit is left in our area won't be worth bothering with. Soft fruit has pretty well been wiped out and the situation looks extremely bad."

Flemish pears, Delicious and Winesap apples appear to be particularly hard hit. "What it will mean to me in dollars and cents can't be ascertained at the moment, but of my 10-acre orchard three acres of soft fruit are gone and the other seven acres damaged."

J. A. English, Skaha Lake Bench: "We have been fortunate indeed. Temperature on Skaha Lake bench did not drop so sharply and I feel confident of an 85 percent normal crop. Apples offer little resistance and appear to have suffered considerably. It is difficult to give an accurate estimate at this time because when 25 percent of blossoms are left that is adequate for a crop. Ironically, our pocket seems to be better because of the very severe loss in some areas of the Okanagan."

Wallace Mutch, Bench: "This is one of the worst spring freezes ever to strike the valley. Damage will be great but scattered. Delicious and Winesap apples appear to be badly hit. This wasn't a ground frost; it was a cold polar air mass that drifted in. This will affect orchard labor, packinghouses and in an industry valued at between 25 and 30 million dollars will have an effect on the whole valley's economy."

Avery King, Bench: "I am hoping to have enough peaches left for our own family use and that's about all, although some orchards have peaches left. I estimate value of my soft fruit crop at between \$3,000 and \$4,000 and it is practically wiped out. There are some apricots left but there is no way of telling for three or four weeks if remaining blossoms will drop off. As it looks now my apricot production will be reduced from 24 tons to four tons."

Frank Laird, Lakeside, Road, Skaha Lake: "Damage will be quite heavy although it seems to vary from area to area and from orchard to orchard. Cherries are gone, apricots are hard hit and pears are hurt. As far as I can ascertain Winesaps and Macs suffered less damage than did Jonathans. The frost played some odd quirk. Out our way two orchards sit side by side at

the same elevation but at a slightly different slope. One was badly hit and the other looks in good shape."

E. S. Overend, Main Street South: "I can scarcely find a good cherry left. There appears to be about one good apricot bud in 20 left and I expect them to fall off. Late peach buds are still coming and it is still too early to give an estimate on pears."

J. D. Tillar, Naramata: "When I first surveyed damage it looked grim but I believe I was a little hasty. It appears I will have a fairly good crop of 'cots but peaches seem to be badly hit. Veterans were than Elbertas. In many cases 50 percent of the soft fruit bloom has been injured. As for apples a lot will depend on the king blossom."

Thos. Semadeni, Skaha Lake Bench: "The situation in our area may not be so bad as it looks because we don't have many frost pockets. Cherries and 'cots are hard hit and with probable loss of the king blossom apples are likely to be smaller. Pears are also damaged. The picture is gloomy but we'll survive."

Fred Wiltse, Skaha Lake Road: "We used smudge pots and may not be too badly off. It is hard to evaluate damage but we may still have a fair crop. So much will depend now on the fruit drop."

V's May Play

(Continued from Page One)

radio statement, GKOK explains, was not really intended to involve this newspaper beyond such a position.

The trip, if taken, would ordinarily be for the two-month period of February-March next season, which would appear to make it difficult if not impossible for any Penticton team to take part in league play in any meaningful way, and also as an all-Penticton team to go overseas. And without such regular league participation, the financing of the team and the local arena would present problems, and the rest of the league would also suffer.

But there are ways round the problems, it is also being submitted.

Flying the team could cut down on the time that has been spent on such trips in the past, without materially adding to cost.

The post-tournament tour could also be discarded. There are also suggestions as to how both the league operation and the overseas trip could both be arranged.

There was a non-committal reaction from Bill McCulloch, of Penticton, president of the Okanagan league.

"Should plans materialize, we'll put it up to the league right away," he told the Herald last night, but the decision on this important matter will, of course, rest with the incoming executive.

Mr. McCulloch stressed that any program that is worked out must, in addition to creating the honor of having a local team in such world publicity, also keep faith with local fans and the league and satisfy all financial problems.

The status of league protection looms large.

Next week's annual meeting of the C.A.H.A. to be held in Vancouver, will hear a resolution from the B.C. group, which favors the Allan Cup winners going on the European trip. But the important proviso is added that it favors this course only if such a trip will not hurt league play.

The Ontario group is also recommending that the Allan Cup winner be favored for the trip.

"The decision will be the bringing of delegates from all parts of the country," Dr. Mel Butler, C.A.H.A. president, of Kelowna, told the Herald yesterday.

"If Penticton presents a case," he added, "I'll be perfectly happy to convey it to the delegates at the convention. But I think it is only fair and proper to also point out that my first obligation is to the league, and the C.A.H.A. itself makes league play its primary concern. In the long view, this is the only course that can be taken."

It is an open secret that Max Silverman, mentor of the Sudbury Wolves, eastern representatives in the Allan Cup finals now being played in the valley, has set his heart on taking his team on this Russian trip, with the necessary first step of taking the cup. If he wins the cup, he and his team will certainly be candidates for the privilege.

American Held; Four Charges Laid Here

An Oklahoman, Richard Steverson, is in Penticton jail pending further police investigation. He was remanded to Saturday when he appeared before Magistrate G. A. McLellan yesterday on four charges of false pretenses.

The American is alleged to have cashed cheques to the value of \$90 in local stores.

Members of Branch 40, Canadian Legion, will canvass the area in the vicinity of Queen's Park to Lakeshore on behalf of the united appeal effort. Eleven volunteers are required for the one-day blitz, May 11.

NOTICE

RE BY-LAW VOTING

Public notice is hereby given that persons entitled to vote up By-law No. 1204 for the sale of the Old Hospital Buildings and site shall be such persons, being British Subjects of the full age of twenty-one years, and such corporations as have for one month immediately preceding the day of voting been the owners of land within the Municipality. In the case of a corporation which had not previously authorized any person to vote on its behalf, such authority shall be filed with the City Clerk at least five days before the date of voting.

M. G. ANDREW,
City Clerk.

Since the first of the year we have, through our advertisements headed

WITH AN  TO CAPITAL GAIN

recommended to you various common stocks which we are listing below showing the original date recommended... The price on that date... and the comparative price today.

	Recommended At	Today's Value
Hiram Walkers G&W, Jan. 27	\$54.50	\$56.375
Triad Oil Company, Feb. 3	2.65	3.25
Capital Estates, February 23	28.00	28.00
Prospectors Airways, March 10	4.35	4.85
Steep Rock Mines, March 31	7.90	8.30
Brazilian Traction, April 28	9.00	9.25

These Recommendations

were primarily suggested because of their growth potential.

The capital gain that has taken place is a positive indication of the strength of the market since the first of the year.

We believe this strength will continue. Therefore may we suggest the following investments to you as a buy for income and further potential capital appreciation.

	Price	Rate	Yield
Ablibi Power and Paper—Common	\$22.00	\$1.20	5.25%
Hiram Walkers G&W—Common	\$56.375	3.75	6.75%
International Nickel—Common	\$39.25	2.35	6.00%
United Steel Company—Common	\$12.25	1.00	8.25%
B.C. Telephone Company—Common	\$39.25	2.00	5.00%
B.C. Forest Products—Common	\$ 6.625	.40	6.00%
Average Yield 6.20%

THEN AND NOW. Pictured above is St. Saviour's Anglican Church, Winnipeg and Orchard, where a founders' day service will be held this Sunday commemorating the church's long identification with the men and women who laid the foundations of the Penticton and Valley of today. In the inset is a rare early photograph of the first St. Saviour's Anglican church which played an important role in the pioneer days of the city. The founders' day event is to be an annual affair. See story below. —Photo by Morrison

St. Saviour's Church Holds Founders' Day Services On Sunday

Services to inaugurate "Founders' Day," the first organized attempt to keep alive the memory of the valley pioneers with special reference to their historical contributions to the development of the community, as well as the church, will be held on Sunday in St. Saviour's Anglican Church. The plan to commemorate this day annually was conceived by and is being sponsored by the Rev. A. R. Eagles, rector of St. Saviour's.

With the thought of "Founders' Day" is associated the idea that the annual celebration will focus attention on some person, or event, identified with the history of the valley and this year's services, the first observance will be centred in St. Saviour's Memorial Chapel.

OTHER EVENTS PLANNED

No doubt further celebrations will expand to include events associated with pioneers adhering to different faiths. One thinking of the Roman Catholic priests, who were among the first pioneers, some not directly associated with any church, as those who gave far beyond what was required or asked of them.

The present St. Saviour's is probably well-known to most of our citizens, as an imposing stone structure which stands on the corner of Winnipeg and Orchard streets. Few know, however, that attached to this is the first Protestant church in the valley, built in 1892.

Later this building was enlarged. In 1921, the original portion of the building and many of its furnishings were moved from its first site, in the old cemetery on what is now the corner of Fairview Road and Calgary Ave., to

the present location. At this time the little church was established as a family memorial to three of Penticton's early pioneers—Thomas Ellis, his wife, Wilhelmina, and Alfred Wade, her brother.

It is now known as the Memorial Chapel and is used for weekly services and upon special request.

ORIGINAL CHURCH

The original St. Saviour's Church was built by Thomas Ellis, Penticton's first settler, as was the first rectory, later the home of Dr. and Mrs. R. B. White.

The name chosen for the church was significant as it was the builder's thank-offering when he and his family, nine of them, all survived a disastrous accident, which occurred when they were driving from Vernon to Kamloops.

For over sixty years this little sanctuary has been open to any one wishing to worship in it. It has brought comfort and inspiration to numbers far in excess of those visualized when it was built. Many old-timers have been christened, married in and buried from this little church. In the early days clergy of any denomination were welcomed to hold services in it, many of them did so.

The date set for this Sunday's ceremonies was chosen as one near the first service held in the Memorial Chapel and the birthday of its founder.

MEMORIAL WINDOWS

In an endeavor to establish other means by which the deeds

and memories of the more recently deceased parish members may be recognized it is proposed to install stained glass memorial windows in the main church of St. Saviour's. And in accordance with this proposal a fund is currently being subscribed for this purpose. The Founders' Day ceremonies appeared to be an opportune occasion to draw the parish members' attention to the memorial windows.

The church treasury now has \$2,050 designated for the window fund with the most recent contribution of \$500 being received from Mrs. G. A. Henson. Mr. Eagles, in speaking of the memorial windows, stressed that contributions of all amounts, tending to the greater number not the size of the gift, was the important factor in subscribing to the memorial project. The total cost of the windows will be approximately \$4,500.

A leather bound memorial book inscribed with the names of deceased members will be prepared and displayed in a proper receptacle in the church vestry.

It is hoped the Founders' Day service will be supported by all citizens of the community and not confined to the members of one church.

Founders' Day should be interpreted broadly enough to honor the many who have passed on to us the fruits of their labors and a rich heritage of memories to be preserved.

PROPERTY PURCHASED

Question of purchasing a property on Manitoba street, where a large "islet" of a holding is required to complete a street, was referred by council to the land sales committee for study and report. The owner is now desirous of selling, and has in mind the purchase of other property.

COUNCIL CUTS MEETINGS SHORT TO TAKE IN ALLAN CUP GAMES

"In view of the Allan Cup series, I suggest that this council meet at 7:30, deal with the general public coming before it, and then adjourn at as near eight o'clock as possible, to meet again later at the call of the chair and complete the business of the week," stated Alderman E. A. Titchmarsh, at Monday night's council meeting.

"I think that that is a nice gesture," remarked Mayor Oscar Matson, other members of council, several of whom are ardent hockey fans, voicing their approval.

This week, council met to take care of essential business, as can be noted elsewhere in this issue of the Herald, and, while they did not, by 50 minutes, manage the eight o'clock "deadline" they still managed to see part of the first Allan Cup game.

The Monday sessions are statutory, and cannot be dropped casually; under this provision, the council must meet on four Mondays of the month. Only when Monday is a holiday, or a fifth Monday occurs, can this be altered, and when the Monday is a holiday, council meets on Tuesday.

Routine business of council was therefore held on Tuesday this week, and, if the Allan Cup series provides a local next Monday, the same plan will be followed.

DOROTHY DAVIES, well known star of stage and radio, will be a featured guest artist with the Lancaster Company in their forthcoming summer season of stage plays at Theatre by Starlight. She will be starred in Noel Coward's intimate and sparkling comedy, "Private Lives."

SEWER HOOKUP

Attention of council has been drawn to the existence of two "private sewer disposal systems" one on Douglas avenue and the other on Conklin, in a letter from the South Okanagan Health Unit. The engineer was instructed to proceed with arrangements to ensure installation of proper hookups to the sewer system in these cases. Residents in the area where these existed are stated to have objected to the continuance of these systems.

BY SID GODBER

Maxie Silverman is going around in a day dream — dreaming he's packing the Allan Cup for shipment east. The Wolves are also pretty "chummy" about their Monday win. Well it could happen — strange and unlikely things have happened before — but I just can't see the team we saw out there on Monday night beating the V's.

Don't forget though this Silverman is reported to be a braw fighter in the committee room and not above hitting in the clinches, so I wouldn't put it past him to protest the series when he gets his first good look at the Penticton V's. "Those V's," Maxie could very well scream, "are not the V's we met on Monday — they must be ringers."

Seemed to me the Wolves came out with carefully placed chips upon their shoulders. Obviously the plan was to scare the V's into surrendering any and all claim to the Allan Cup. I gather the Wolves won the eastern championship that way. Matane couldn't take the rough stuff.

It was a mighty poor hockey game. V's were terrible. If that Winnipeg Maroons line of Lowe, Aldern and Robinson had been out there Monday, they would have run in a bustle of goals against the V's.

I think the change of sweaters had a lot to do with the V's poor showing. I saw Ivan McLelland carefully feed the puck out to a Wolf in V's clothing. McDonald also laid down a nifty pass to another green and white sweatered wolf. Regulations call for the home team to change when colors clash. It would make for a squarer deal if both teams had to change.

So there we've had it — the first game of the Allan Cup final series. A poor game but it made history. First time in the valley. With the CAHA taking its bite out of gate receipts a lot of money goes out of town in a series like this, but a lot of money also comes in and the publicity for a tourist centre is out of this world.

Penticton V's have captured the imagination of sports fans across the country. Penticton is now a household word.

Incidentally Dave Ronge did a great job of boosting the V's and Penticton on the Canada-wide CBC sports roundup on Monday night. After compressing the story of the V's into capsule form particularly their great comeback in the playoffs, Dave signed off for the "Palm Springs of Canada". And so it goes — on the air, in the press across the country — the story of the V's being told and retold and the fame of Penticton, city of peaches and beaches, spread far and wide, thanks to a group of fighting hockey players who never knew when they're licked.

This man Horeck is quite a funny man, but I can't understand a canny operator like Silverman paying out the big money for a player to put on a clown act. They say that Horeck pulls down \$250 a week — big dough for clowning and so far that's all he's done. Pistol Pete, who arrived here all dolled up like a movie cowboy, has an impressive enough hockey history — nine seasons in the National Hockey League, Chicago, Detroit, Boston and back again to the Blackhawks. A man doesn't stay up in the big time that long without plenty on the ball — he might show yet before this series is over.

V's, of course, can match and more than match, ex-National Hockey Leagueer, pistol Pete Horeck with playing coach Grant Warwick. Horeck fan Molly Broderick handed me the following interesting flashback on the V's playing coach. It's an extract from an article which appeared in an Argosy magazine, year 1946.

"Among the present day stars, one who can hardly be called a sissie is the pepper pot of the New York Rangers, Grant David 'Nobby' Warwick. A natural born hockey player, Warwick hit the jackpot of fame in his first year of professional play, being voted the outstanding rookie of the National Hockey League. Yet 'Nobby' Warwick has suffered from abdominal obstructions and stomach ulcers, and doctors have told him positively that he never again would play hockey. But he established himself as one of the most popular stars in the game, until one night at the Olympia Arena in Detroit he crashed into the dasher board and was carried off the ice with a fractured skull. That should have finished 'Nobby' Grant Warwick as a hockey player but he came back to play in the 1944-45 season and enjoy the best year of his brilliant career."

V's will change sweaters again, but at this writing no one knows what colors. V's may appear in the black and orange of the Trail Smokeeaters. I hope so — could be lucky. It was Trail which last brought the Allan Cup to British Columbia.

I thought history was to some extent going to repeat itself last Sunday when Bill Warwick slipped one at Ivan McLelland in practice and Ivan stopped it with his chin. The gash required stitches, but fortunately, it wasn't a hard shot, otherwise Ivan would likely have been out of commission. That would have been a heartbreak for Penticton's game not minder. Last season he got his wrist banged up, and the incident also occurred in the last workout before the first game of the Allan Cup finals. Ivan stuck it out for two games and then had to step down.

Some talk of taking one or two games to Vancouver, understand that is definitely not so, all games are to be played in the valley. In fact, the Sudbury Wolves think Penticton is soft in not insisting that all games be played on Penticton ice.

Covering the series for Sudbury is Don McIntosh, sports editor of the Sudbury Star. It was a break for Don and for his Dad that Penticton won the western finals. Don hadn't seen his Dad for 15 years, but as soon as Mr. McIntosh, who lives in Vancouver, learned his son was in Penticton, he flew out for the happy reunion. Other sports writers enjoying the privilege of breathing Okanagan air are Alf Cottrell, Vancouver Province, Jack Richards, Nick Beddoes, photographer George Black, of the Vancouver Sun and for radio Joe Spences of CHNO, Sudbury.

Wolves Show Teeth, Win Allan Cup Opener 2-1 But V's Tough Chewing

Sudbury Wolves skated off the ice at the Memorial Arena on Monday night under the delusion that they had defeated the Penticton V's.

In the records it will show that way. Sudbury 2, Penticton V's 1; first game of the 1954, best of seven, Allan Cup finals.

The crowd jamming the arena for this history-making game, the first time an Allan Cup final has been played in the valley, conceded the eastern champions a win by one goal and a two point lead in the series — but few, if any who witnessed the game, will concede that the Wolves defeated the Penticton V's.

The V's just weren't out there on Monday and even at that, luck, bad and good was all that decided the winner.

The Wolves got a big break early on when Lennie Speck fed by Orval Lavell scored from the blueline, a flat, snail-paced screened shot. It was lucky goal but the V's let the kid line of McClellan, Kauppi and Flynn skitter the puck around in Penticton territory was just begging for trouble.

V's were caught napping again, when with only 55 seconds gone in the third, Nick Tomiuk plastered the big

one. Andy Milne laid it out for Tomiuk who was parked, unspotted, within six feet of the goal.

V's came back for one goal, a clean cut effort, starting with Grant Warwick at the V's blueline, Grant streaked down the ice, beat two men, skidded the puck to Bill Warwick and Bill back-passed to Jim Fairburn. Fairburn's waist high shot was a lulu lulu.

That was it, the V's put on the pressure, but it wasn't their night and the Wolves skated off two points up in the series.

The game was a trifle rugged. Wolves showed at their best when they were shorthanded and they had plenty of opportunity drawing eleven penalties not to mention two misconducts handed pistol packing Pete Horeck. V's were thumbed for six.

Referees Mel Snowdon and Syl Breen, both of Montreal, didn't overwork their whistles and the Wolves were able to throw their weight about. Wolves were apparently trying to repeat their success over the Matane Red Rocks in the eastern finals. One big bad Wolf, talking of that series, said the Frenchmen were fast, but they couldn't take the rough stuff.

Monday night the Wolves learned that the Penticton V's can both take the rough stuff and dish it out.

V fans put Pete Horeck under a microscope. Judging by Horeck's actions it just isn't right for a player in the sticks to make a former National Hockey League look silly, and his blow off against Jack McDonald was ludicrous. Husky Jack let pistol packing Pete blow off, Horeck wanted blood, he russed with the referees to get at McDonald but the V's ironman wasn't to be drawn and so Horeck finally went to the bench to sit out two minutes for high sticking and a ten minute misconduct.

Fans are still wondering what a man has to do to be sent to the showers.

Max Silverman, Sudbury's Mr. Hockey coach and about everything else in relation to the Sudbury Wolves, saw the game differently to about 3,000 other people.

"My boys haven't played a game for ten days. They were on strange ice. Crowd was against them. They had the penalties. Penticton should have been able to take that one."

Maxie seemed almost ready to weep for the poor Penticton V's. Not so the V fans. They would have liked a win, but they left the arena in a tranquil frame of mind. Sudbury's Wolves have yet to meet the Penticton V's.

A's First Home Game On Sunday; Kamloops Here

The Athletics played their final game of last season against the Kamloops Okonots; they will open their home season against them. Will they meet again in the OMBL finals?

Penticton's two big spectator sports run headlong into one another this Sunday — hockey and baseball — when the Athletics usher in the baseball season at home against the Kamloops Okonots. King's Park opens its gate at around two o'clock on the first of twelve home games that will carry the season of OMBL play through until August 11.

Athletics' executive have made plans to give the opening a spark but just what form the opening ceremony will take was not known at press time. It was hinted that the mayor would throw out the first ball but in any event the main feature is a look see at what the Athletics have to offer this year.

Practice sessions are going at the park almost every evening as Drossos whips together what in many respects could be called a new team. It was reported earlier that Wendel Clifton would play for Princeton but later word has it he will be in the A's colors. Clifton is apparently tied up with some work there and isn't expected for a couple of weeks, at least. Ted Bowsfield and Larry Jordan will likely both see action on the mound.

The A's will be out to avenge the 5-2 loss they took from Okonots on April 25 on the northern diamond. Coach Drossos is confident it will be a different story Sunday if fair weather gives Bowsfield a chance to unleash some of the power that has brought pro scouts into the valley on numerous occasions to savor his talent, Jordan, on the other hand, seems to have a little ice in his veins. Despite icy winds that are more appropriate on the gridiron, he has been able to step into the gap and appears headed for a good season.

But that doesn't solve the pitching problem for A's. They will need a bigger staff before the season gets into full gear — from where and when will it come?

Kamloops reportedly has a fair stock of chuckers with John Brkdel being possibly their most dangerous weapon.

Good Ball Chilled Off But A's Down Princeton 10-3

Archers Return To Outdoor Range But More Needed

Spring has sprung, the bird is on the wing. Also on the wing is the feathered shaft. The Penticton Archery Club has been on their Skaha Lake range for the past three weeks and already are making plans to hold a valley inter-club tournament.

Jack Grigor, mainspring of the club, says that a few of the old faithfuls have been coming out but attendance has been somewhat lower than anticipated. Regular shoots are held on Sunday afternoons and during the week the range is always open in the evenings.

During the winter months the club shut indoors at the old high school gym. Average attendance was about 11 and ranged up to 15 members but the return to the range fell short of that mark. The indoor activity was concluded with a tourney against Oliver. Jack Grigor says the club is always looking for new members and archers are ready to give all assistance to new members in selecting equipment and instruction on how to punch a hole in the bull's eye from 80 yards.

Little League will hold a ball practice at Queen's Park on Saturday at two o'clock sharp. All players should be on hand in plenty of time.

"We played a better game in Kamloops when we lost 5-2," was coach Sam Drossos' comment on the Athletics' first win in the young OMBL. The Penticton nine took newcomer Princeton Royals into camp 10-3 Sunday — away from home — in the first engagement between the two clubs.

Horn Latta Feud Resumes Sunday On Local Links

Kelowna golfers will be out for revenge on Sunday as the first round of the Horn Latta Cup match will be played in Penticton. Second round matches will be played in Kelowna on August 22.

Last year the Penticton divot diggers won the coveted trophy for the first time in 15 years. It is expected that Kelowna will be sending down a strong team in an effort to regain the cup. All men members wishing to participate in this event are requested to sign the list in the clubhouse or contact club captain Dave Stocks at 4263, before Saturday night. All low-handicappers are especially urged to turn out. Tee-off time is 9:30 a.m. and lunch will be available at the clubhouse.

Hal Gordon, former Kamloops golf tender and now spare net custodian for the V's, has made quite a reputation for himself on the golf links as well as between the pipes. Around the dressing room he is often referred to as "Bantam Ben". Gordon, Jack McIntyre, king of the billiard table, has been taking a few golf lessons from Mr. Hal at something like a dime a hole.

Asked how he thought the Royals would stack up in the league, Drossos said, "They have a lot of young ball players, not too much experience behind them but I think they will be tougher the next time around — and so will we."

Ted Bowsfield took the win for A's but he was aided along the route by some steady chukking from Larry Jordan. Bowsfield "working 50 percent below his usual form" had trouble finding the plate against 25 batters in the chilly weather. He struck out seven without giving up a hit but walked four in the five innings and two batters he handed in the sixth.

Jordan took over on the hill and showed some promise in form as he killed two at the plate of the 14 he faced. All three runs were charged to big Ted, while Jordan gave up two hits and went zero for walks.

Lloyd Bugar is the first Penticton player to notch a homer this season. He waited until the ninth inning before belting the apple for a round trip with nobody on the loop.

Jack Beal was the losing pitcher for Princeton giving up three hits, six walks and fanning three in five innings. Hayes took over pitching chores for Royals the first of the sixth but fared little better as he struck out three, gave up three hits and walked two for two runs.

Royals jumped in fast for two runs in the first inning and their final in the third on a total of four errors.

Athletics got into the game in the fourth with four runs on one hit and an error and added two more in each of the next two innings to lift the game out of reach. Royals failed to play it tight enough and the A's run up their winning margin on a scant few hits.

Doug Moore, coach Sam Drossos and Lloyd Bugar each tallied two for the locals with single in runs to Bill Nicholson, Jerry Barber, George Drossos and Jordan.

Reformed Juniors Hopeful Sunday At Summerland

The Penticton junior ball club will travel to Summerland this Sunday, with a vastly improved and stronger club than the team that was defeated by Kelowna a couple of weeks ago, said team manager Cal Callaghan.

The combination of steady and hard practices, plus the addition of a few players with experience and a better spirit among the players, has worked wonders.

The junior ball club lost a number of their regulars to the seniors this year, and found themselves in a position of having to build an entire new club.

Game time will be 2:30 at Summerland and anyone able to take a few of the players up to Summerland in their car, are asked to contact either Wally Moore or Callaghan.

Peg Hunter Champions Five Hours Of Continuous Five Pin Bowling

Peg Hunter, one of the kings of local five pin bowling, added another gem to his crown over the weekend as he tallied up 4,896 points to win the Bowl-a-mor Recreation's 20-game bowling marathon.

John Verboon, Lumby, came second with 4,859 and Penticton's ace of the alleys, Tommy Pringle, won third spot with 4,782. Hunter also took the high three game tally with a count of 842 pins and another top local bowler, Aubrey Powell, was high singles winner with 364. Ruzzing in second place for the single game honors was Bob Hansen with 355.

The 19 men and one woman (from Oliver) faced a tough grind as they started the balls skimming over the hardwood at 12 noon. For five straight hours they bowled continuously with the only break coming at the end of each four games when a switch of alleys was made.

Proprietor Fred Steeves said the scores got progressively better as the games passed the halfway mark. The bowlers were dog-tired but were in the groove and on the 20 game average game scores hovered at the 240 mark.

The cream of bowling talent from Princeton, Oliver, Summerland, Kelowna, Lumby, and Vernon, as well as local bowlers, competed in the gruelling test of skill and stamina.

This Thursday the following ladies will compete in the spoon sheet and buttons event: Madeline Arsen, Gladys Mother, Billie Jamieson, Madeline Thom, Edith Schuchworth, Hazel Brodie, Sharon Fleming, Jean Marlow, Lorna Mitchell, Mary Johnson, Eileen Lawson and Maureen Joplin.

The nine hole net point competition scheduled for last Friday was not held.

Help In Cutting Strokes Down**

If you are a golfer, you're a person who is always looking for a way to lower your score. We're not going to promise you that we know how to bring that score down. But we have always maintained that you can do a better job with tools that are in good condition. And it may be that you can do a better job on the golf links with woods and irons that have been reconditioned. Let's start with an iron, which is the easiest club to keep in shape. Ordinary scouring powder will restore the shine to most irons. For especially stubborn dirt or rust spots, use a fine emery cloth or, if you have one, a buffing wheel. The dirt which always settles in the crevices on the face of a club can be removed with a nail file or other sharp-pointed instrument, but be careful not to scratch the surface. Another, and probably safer way to do this, is with a wooden golf tee, which has been sharpened with a pen knife or razor blade. If there are any sharp edges on the clubhead, file them down. To prevent rust on irons, wipe them down with an oily cloth after each round of golf.

A wooden club can be cleaned with warm water and a detergent, followed by a rubdown with raw linseed oil. If the finish is in fair shape, this cleaning will produce a nice sparkle. But if time has taken its toll, and the clubhead finish is partly worn, cracked or scarred, your best bet is to do a reconditioning job. This entails taking off the old finish and putting on a new one. Wooden clubheads are finished with either lacquer or varnish. Since even an expert has a difficult time telling which is which, if the finish has been put on properly, you'll have to make a guess in your case. Rub part of the clubhead with a rag soaked in lacquer thinner. If the old finish begins to wrinkle or come off altogether, then complete the job with the lacquer thinner. If the thinner appears to have no effect on the old finish, you'll have to get down to the bare wood with varnish remover or by scraping and sanding. The manner in which the old finish is removed is not important, but

be sure that sanding is the final step no matter what method you use.

The face of some wooden clubs has a little insert made of wood, ivory, plastic or some other material. A wooden insert is treated the same as the rest of the clubhead, but it's made of another material. It should be cleaned only with soap and water. Also, the non-wood inserts need no refinishing.

Both the inserts and the sole plates at the bottom of the clubs are held in place with screws. Do not disturb these screws unless the insert or the sole plate is loose. Should some tightening be necessary, remove the screws fill the holes with plastic wood and put back the screws after the plastic wood has started to harden. The club should not be used for at least 24 hours if this type of repair is necessary.

To restore color to the clubhead, use an ordinary oil stain, the same as though you were finishing a piece of furniture. Select one of the darker stains, unless you have some reason for wanting a light-colored clubhead. No matter what color stain you select, you can regulate the shade by mixing it with turpentine and by the length of time you leave on the stain. The more you leave on the stain before rubbing, the darker the color. When the stain has dried thoroughly, the directions on the container will tell you how long to wait until the final finish can be put on. If you want that finish to be varnish, be sure to get spar varnish, which will withstand different weather conditions. If you want the finish to be lacquer, be sure to get brushing lacquer, since it is difficult to prevent the lacquer mist from getting on parts of the club not intended to be finished. A good finishing job calls for three coats of varnish or lacquer, sanding lightly between coats.

Two other repairs often needed on old golf clubs are replacement of the whipping and installation of new grips. The whipping is that twine-like material wound around the bottom of the shaft just above the clubhead. It also is used just below the grip.

You can buy whipping at a sporting goods store. There's a little knack to putting it on, but it can be done. If you practice it once or twice before the actual job. The trick is to hold the twine in position with the fingers of your right hand while you turn the club slowly in a counter-clockwise direction with your left hand. The whipping is started away from the clubhead and finishes at the bottom of the shaft. When you are about 5 turns away from finishing, place the end of the whipping on the shaft and then wind over it. After the 5 turns, pull the loop tight and cut off the end. If this seems complicated, we suggest you look at one of the other clubs to see just how the whipping is wound. Professional workmen usually give the whipping a coat of clear lacquer after the winding is completed.

Putting on a new grip is easy. When you buy it, find out whether it is the kind which requires an adhesive or whether, like some types, no cement is needed. Your sporting goods dealer who sells the grips will tell you how the grip is applied. Don't let it throw you even if it appears that special skill is necessary. Actually, it's not difficult at all, as you will discover when you begin the actual winding of the material.

From that point on, you're on your own, even if your score doesn't get any lower, at least you'll have the prettiest golf clubs on the course.

**Man From Wolves
Den Writes Ode
To Penticton V's**

Songs written to the V's, about the V's, and for the V's, have cropped up several times along the playoff trail but for the most part they have been local fans or at least fans cheering for B.C. hockey honors.

But here is a new twist. A chap by the name of Andrew Murdison, from Newmarket, Ontario, has written an "Ode To The Fabulous Penticton V's." Coming from Ontario, Mr. Murdison would naturally be considered a Sudbury Wolves fan and a former Winnipeg Maroons booster. However, the man from Newmarket says the "following verses were inspired by the pluck and determination of the Penticton V's who came from behind time and time again to eventually eliminate the Winnipeg Maroons."

The song came to our hand through Bill Hack of Pedersen Equipment.

The "work" is sung to the tune of "Wee, Wee, an' Doris" so all together now we'll give the first verse a go:

Way down in Old Penticton,
There's a band of hockey men,
Who never frown when they are down.They always score again.
They've battled through together,
They make the rafters ring,
They've put Penticton on the map.So, Go-V's Go — let's sing.
If you want more of this, the full song is available at the newsroom of the Herald.**Jap Baseball Team
Want Too Much To
Book Game Here**

Baseball authorities in Japan are arranging a series of exhibition games in the Northwest during July and would like to get a booking in Penticton.

The letter, channeled through the Herald, draws attention to a guarantee of \$1,000 and suggested that tickets be sold at \$1.50.

The proposition was passed on to Frank Bowfield, president of the Penticton Athletics. He, however, was not too enthusiastic about the idea in view of the sizeable stake the Japanese are asking.

The touring team will be in this part of the world for 25 games and Jim McGregor, of Canadian Pacific Airlines, who is assisting with the arrangements, said there are still seven more games open.

**Summerland Golf
Club Reorganized**

SUMMERLAND — All play and no work cost Summerland golfers more money. At a reorganization meeting on Thursday evening, it was decided that fees will be less for those willing to participate in work parties, the first of which will be on Monday, May 3.

Although there was no playing at all in 1953, this year 12 ladies and 30 men have showed willingness to join. Don Cristante was elected president, Mildred Clark, secretary-treasurer, and Rennie Lenzi, team captain.

May 16 has been set as the opening day, and before that time it is hoped to get the greens in order. Sandy Fenwick will mow the course for the season, and it is planned to hold more competitions than formerly. The course on Paradise Flats above Trout Creek canyon is a beautiful one.

A Few Sore Arms

Baseball and cold weather just don't mix. Sam Drossos, coach of the Athletics, says that his club is battling to keep muscles in shape but a few of the players have developed sore arms.

"We will be OK just as soon as the weather warms up," said Sam. A rise in temperature early this week gave hope that spring would spring in full force before the next game. The A's continue to practice despite the low mercury for as the team's head man says, "We have to keep working into condition or fall behind the pack."

PENTICTON ARTISTS WIN MANY HONORS AT MUSICAL FESTIVAL

Among the many trophies brought to this city last week by local participants in the twenty-eighth Okanagan Valley Musical Festival were:

Kelowna Business and Professional Women's Club Cup for junior folk song, classes 44 and 45. Eugene Macdonald, Penticton, Sons of England Challenge Cup for vocal solo (open), classes 49 to 54 inclusive. Mrs. D. Carroll, Penticton.

Donna-Marie Hauser Cup for senior pianoforte, classes 83 to 85 inclusive. Ann Parmley, Penticton.

Grote Stirling Salver, instrumental championship of the valley, class 148. Donna-Marie Hauser, Penticton.

Kelowna Business and Professional Women's Club Cup for Folk Song, girl or boy, under 16 years, class 45. Eugene Macdonald, Penticton.

Laurel Jensen Cup for pianoforte solo, modern music (open), class 87. Ann Parmley, Penticton.

Chairman Jensen Cup for dancing solo (under 13 years), national other than Scottish, class 154. To be shared between Michiko Hatanaka, of Kelowna, and Janice Walker, Penticton.

Stephenson Cup for male voice choir, open, class 20. Penticton Male Chorus.

Crossley Memorial Trophy for Pianoforte Solo, concert group of three selections, class 89. Juanita Biagioni, Penticton.

Grote Stirling Salver for instrumental solo, championship of the Okanagan Valley, class 57. C. G. Allington, Kaleden.

Simpson Trophy for pianoforte solo, Mozart, Haydn, under 18 years, class 96. Donna-Marie Hauser, Penticton.

Simpson Trophy for pianoforte duet, under 16 years, class 105. Menzies and Gilberta Semadeni, Penticton.

Two youthful dancers will share a trophy for the next year in the finals of the dancing solo under 13 years, on Wednesday night, Janice Walker, of Penticton, with "Spanish Dance" and Michiko Hatanaka, of Kelowna, with "The Traveller," tied for first and will share the Chairman Jensen Cup. In the morning class, Janice Walker had 84 points; Michiko Hatanaka 83, but in the evening, results brought the total number of points for each girl up to 169.

The other finalist, Eileen Taguchi, of Kelowna, dancing "Aoi Hi No Yume," was awarded a mark of 168. Hallie Marie Smith, Penticton, 78.

DIFFICULT TASK Miss Lloyd felt that choosing the winner for the Dancing Solo Scotch under 13 years was a bit difficult, as all three finalists were very good in their particular field. Nona Pearson, of Kelowna came out on top, to win the Knight's Pharmacy Cup, with marks of 89 and 88 for "Sean Triubhas." Hallie Marie Smith, of Penticton, was next, with 88 and 88 for "Sword Dance," the other finalist, Margaret Reid, of Kelowna, being awarded 86 and 84 for "Sean Triubhas."

Sharon Mackling, of Kelowna, won out over Margaret Reid, of Kelowna, and Hallie Marie Smith, Penticton, to win the Mary Pratten Cup for dancing solo under 13 years, classical operatic, in the finals on Wednesday night.

"This was a very pleasing exhibition of dancing," said Gweneth Lloyd of the girls' performance. "All three have a natural feeling for dancing, but much work must be done to perfect their technique."

Penticton Junior High Choir, conducted by David J. Hodges, received marks of 80 and 78. Penticton Jr. High School Choir were awarded marks of 82 and 80 in the Grades 7 and 8 school choir class.

Penticton Ladies' Choir, conducted by Mrs. Monica Craig-Fisher, 80 and 82.

The Stephenson Cup for Male Voice Choir, open, was won by the Penticton Male Chorus, conducted by Mrs. J. Hendry, with marks of 76 and 83.

Penticton United Church Choir were awarded marks of 77 and 83. The Kelly Cup for girls' choir, open, was won by Penticton High School Glee Club, conducted by David J. Hodges, with marks of 70 and 81 for "Song of the Psalm" and "The Scariot Saviour."

Penticton High School Glee Club, conducted by David J. Hodges, 73, 76.

SOPRANO OPEN Mrs. D. Carroll, of Penticton, took first place in the soprano open class at last week's musical festival, with the rendition of "It Was a Lovely Moon," the test piece, and "Le Bonheur est chose

Legere." Mrs. Carroll received marks of 80 and 82.

"She captured something of the particular silvery atmosphere in the first song, and her words had significance," commented adjudicator Donald Leggat.

Mrs. Carroll also won the vocal solo, operatic open class with a mark of 84. She sang the "Doll Song" from Tales of Hoffman.

"This is a difficult song and needs a specialized quality of tone," said Mr. Leggat. "Her voice is flexible, sharply and well-controlled. It is well suited to the song and she handled the song well."

Receiving the high mark of 90, Eugene Macdonald of Penticton won the Kelowna Business and Professional Women's Club Cup for the Folk Song class (girl or boy under 16 years).

Eugene and his brother, Ian Macdonald, also won the duet, boys under 16 class, with a mark of 78.

Singing "Billy Boy," Allan Gould of Kaleden, was awarded a mark of 82 to win the vocal solo boys under 12 class.

Ian Macdonald, of Penticton, was given a mark of 78.

"A Funny Fellow," the test piece for vocal solo, boys, treble, was a technically difficult piece because of the running notes. It is hard to do on an instrument, and even more so with a voice.

Eugene Macdonald, of Penticton, won the class, with a mark of 82. Although he tended to close his throat on high notes, it was very clearly sung. The tempo was just about right; the song had the leisure it was meant to have.

Carol Christian in the pianoforte solo under 12 received marks of 83 and the pianoforte under 8 years class was taken by Laurel Christian, Penticton, with 90 points in "Under the Haycock Fast Asleep."

Rilla I. I. Fuller, Penticton, 80.

The Grote Stirling Salver and Instrumental Solo, championship of the Okanagan Valley, was won by Donna-Marie Hauser, of Penticton, with a mark of 84. Juanita Biagioni, Penticton, 77.

The latter talented young pianist placed first with 86 marks in the pianoforte concert group of three to receive the Crossley Memorial Trophy. Gertrude Dafeo in the same class received marks of 81 for her lovely performance.

Donna-Marie Hauser received 84 for her pianoforte solo, Beethoven, under 16 years.

Ann Parmley received marks of 83 for her performance in the pianoforte solo, Chopin, under 18.

Vocal solo, championship of the Okanagan Valley, and the Spencer Challenge Cup was won by G. S. Allington, of Kaleden, with a mark of 85. Mrs. D. Carroll, Penticton, 81.

Solo dancing under 7 years gained Linda Walker 71 points for her performance in the Scottish solo. She received 81 marks. Judy Watson received 86 marks and Robin Wickett 75 in the latter entry. Norma Hugo received 83 marks for her presentation in the dancing solo under 15 years. In the other dancing class, she received marks of 75.

Mildred Johnson in the dancing solo Scottish, under 10 years, received 88 points for her performance Tuesday morning at the festival.

Penticton Mary Pratten School, with Bernice Anderson, Norma Hugo, Lyn Conrad, Hallie Smith, received 79 points.

The spoken poetry classes attracted several entries from Penticton: Brenda Banner, in the under 10 class, received 78 marks; in the boys' class under 10 years, Jimmy Lee was awarded marks of 76 and John Tribe, 74. In the under 13 years boys' class, Leigh Nelson-Smith received 70 points.

In the girls' class under 13 years, in spoken poetry, Anne Gladwin was awarded marks of 62.

Choral speaking under 13 highest marks went to Marlyn Avenue School, Kelowna and the Jormyn Avenue School, in this city, received 75 points.

Ancient Rome built a road system that stretched from northern Scotland to the Euphrates River in Asia Minor. Parts of it are still in use.

GROUND OBSERVER CORPS WIN SPURS IN TEST HERE SUNDAY

The Penticton region Ground Observer Corps were submitted to an acid test of their efficiency and coordination on Sunday in the first major exercise since the unit was formed some months ago. The unit, under the command of regional supervisor Geoffrey Allington, Kaleden, came through with flying colors and earned a commendation from GOBC in Vancouver.

At about eleven in the morning the exercise, covering the entire Okanagan and Similkameen areas, commenced and continued through until four in the afternoon. It was designed to give ground observers aircraft reporting practice and an opportunity to put operating procedures into gear.

In the air were three four-

engine Lancaster bombers from the RCAF base at Comox and two Mustang single engine fighter aircraft from the airforce field at Sea Island.

In a telephone interview with Mr. Allington yesterday, he reported that 302 observers in 36 scattered posts throughout the Okanagan valley and Similkameen registered 458 reports to the filter centre at Vancouver in smooth running order that marked the event an immediate success. Basically the purpose of the ground observer corps in time of emergency is to sight aircraft and telephone their position to the filter centre in Vancouver where the course and des-

cription of the plane is plotted. In this way the airforce knows the exact location of all aircraft in flight.

A remarkable aspect of the efficiently run network of observers is the fact that the time delay between sighting the plane and the information being recorded in the filter centre was just 60 seconds. When in operation the corps has top priority on telephone lines.

An interesting sidelight to the operation involved a nice bit of rivalry between the airforce and GOBC and also proved the accuracy of the unit.

Three GOBC reports in quick succession gave the position of a jet aircraft flying over the area. The filter centre doubted the presence of the jet plane as it was not scheduled for the exercise due to the recent fire at Sea Island. The airforce were sure there was no jet in the vicinity but the three identical reports prompted them to make a closer check.

GOBC had the distinct pleasure of being exactly right. It turned out that a jet fighter, bound for the east, had got off course and made an unscheduled flight over this district.

Mr. Allington remarked that several people he spoke with following the exercise expressed the thought that it would have been more true-to-life if the aircraft had flown at much higher altitudes. The GOBC supervisor explained that the height was not important at this time as the test was to try the smoothness of sight-phone-report procedure.

Fifty different parliaments in the Commonwealth sent gifts to help furnish the new British House of Commons.

City Assessor Commended For Appraisal Brief

A sixty-seven page brief, showing the individual appraisal of all city owned buildings and equipment contained therein was presented to City Council by City Assessor S. H. Cornock on Monday night.

This document is for the purpose of correctly establishing values of these holdings for fire insurance coverage. Council which received the report for study at Monday's meeting, will now spend considerable time aligning the assessor's findings with present fire insurance coverage, and will, pursuant to this, make such adjustments as may be necessary to maintain the "90 percent coverage" plan that the city comes under. This latter means that there must at all times be at least 90 percent of insurance value on all properties and equipment contained in them. Heretofore there had been no completely accurate appraisal and listing.

Council, in receiving the report commented that they had anticipated it would take considerably longer to compile, and commended Mr. Cornock for his promptness and the evident thoroughness with which he had completed the task.

The sidewalk in front of the Herald building came up for discussion a second time at Tuesday's council session, when Alderman F. C. Christian asked if it would not be possible to patch this. The city engineer replied that it appears replacement rather than patching is required.

SURPRISE EXHIBIT of the auto show in Turin, Italy, is this turbine-powered car built by Fiat. The car has a top speed of 175 miles per hour. The experimental model, which took five years to build, is shown in the lower photo making a test run on an aerodrome runway.

"Balcony Scene" Vehicle Chosen As Penticton's Entry In South Okanagan Drama Festival, May 14

Donald Elser's "Balcony Scene," produced by Miss Rosie Owen, is the vehicle that has been chosen as the Penticton entry in the Southern Okanagan Drama Festival to be held in Kelowna on May 14.

From this regional festival, the winner will proceed to the provincial finals to be held here in Penticton at a later date.

The setting for this thirty-minute drama is the balcony of a church, in which a funeral service is being held. It is the funeral of a young man, who comes back in spirit, together with a "friend" who is in charge of him in the other world, and they watch the last rites from the balcony. Four others in the cast are persons paying their last respects, and it is from the remarks of these four that the "friend" obtains the data for the young man's record.

Ian Parmlinter, who plays the part of the young man, has recently come here from New Westminster, where he was a member of the Vagabond Players. He was among a number who took part of a Yorkshire boy, he was chosen, went to Hollywood and started rehearsing, but the part was recast because of union regulations. It remained, however, quite a feather in his cap.

Clement Battye plays the part of the "friend," Ethel Joslin the mother, and Marguerite Cranna is the daughter. Others are Hazel Southard as the wife, Terry Langridge as the husband, John Lishman as the gangster, and Joan McGregor is playing "the girl".

Summerland AOTS Talk May 8 Track Meet

SUMMERLAND — Walter Charles was in the chair at the AOTS club meeting on Thursday evening for the first time since his election as president. Don Tait is vice-president, J. Duguid remains as secretary with John Dunn, treasurer.

The school track meet on May 8 was discussed with mention made of its growth and importance in school sport circles in the valley. It is hoped to give help to any promising athletes and contestants are welcomed from all valley points.

R. S. Oxley, local magistrate, was the speaker, taking "law as it touches the individual" as his subject, and in the period following many questions were asked.

Miss Nazla Dane Speaks At Regional Conference Of B. P. Women's Clubs

Free enterprise had its enemies as long ago as the time of Socrates; it has survived because of its strong appeal to average people, Miss Nazla L. Dane, of Toronto, told the members of the British Columbia Business and Professional Women's Clubs holding their biennial regional conference in Penticton on Sunday evening on the SS Sicamous.

Miss Dane, who is in charge of the women's division and educational division of the Canadian Life Insurance Officers Association, spoke on "Three R's For Women", their rights, responsibilities and rewards.

Pointing to the strides that women have made in winning equality, Miss Dane warned that rights of all free peoples must be jealously guarded against encroaching socialism.

"We must guard most jealously our freedom of choice; the right to move freely about the country, take the kind of job we will be happy in, and the right to change work if we are not happy in it. We must guard the right to gain for ourselves the things we want most," she said.

People have a confused idea of what capitalism and socialism are, she said, pointing out that those who believe in capitalism and free enterprise are diffident in speaking in defense of their system while socialists and communists are very vocal.

"This is not the first time I have talked about the problem of teaching socialism for what it is and not for its idealism," Miss Dane said. She quoted from a teacher's letter in which he described the application of socialist doctrine — from each according to his ability, and to each according to his need — to pupils in his class.

"He suggested that he take the marks obtained by each student in any test and pool them so that the average would be a passing grade," Miss Dane said. "The students quickly figured out that if those with high marks couldn't keep them for themselves they would soon lose incentive to do well."

From that point it was easy to explain that if you take away the incentive under a socialist-communist system, the standard of living falls and regimentation by government is necessary to keep things going, Miss Dane said.

"I don't think I have ever come across a more reasonable method of setting out the problem and showing the weakness of the socialist-communist system," she said.

Urging women to take a more active interest in public affairs, Miss Dane pointed to the important position women hold in the country.

"Do you know that over a million women draw paychecks in Canada? That women spend 85 cents out of every retail dollar?" She pointed to life insurance records showing that women have purchased more than 10 percent of all life insurance sold in Canada today.

"This gives me great comfort," she said. "We hear so much about letting the government do things for us. I have nothing against the government making a basic provision for my old age, but I want to make my own provision for my later years so that I may have what I want for myself."

Returning to the question of free enterprise, Miss Dane said that in her own business, life insurance, the top executives had come from modest homes and had risen the hard way.

"Through their own efforts and abilities they have reached positions of responsibility and prestige in the business and in the community — and I am proud to be connected with it," she said.

The regional representative on the provincial board of the Business Professional Women's Clubs, Miss Mickey Bell, of the Penticton club, occupied the chair at the well-attended dinner meeting.

Guests were welcomed by the president of the local club, Miss Joan Appleton, who later submitted the club's report when other club representatives were reporting activities from their groups.

Mrs. Ruby Dunningham, secretary of the Princeton club, and Miss Lily Patterson, president of the Kelowna organization, were among the latter.

Miss Grace d'Aoust, of this city, was elected the new regional representative. Miss Julia Mitchell, of Kelowna, served as nominations chairman.

Miss Adelaide Evans convened the committee in charge of the conference arrangements. Other members of the committee were

DONALD SALTING AGAIN HEADS NARAMATA BOARD OF TRADE

At the annual meeting of the Naramata Board of Trade held last week in the community hall, Donald Salting, D. H. Hill and J. S. Dicken were returned by acclamation to hold the offices of president, vice-president and secretary-treasurer, respectively, for the ensuing year. Elected to the executive were Marlin Johnson, Dudley Taylor, W. A. Ritchie, Philip Rounds, Paul Aldersey, Jack Buckley and Rev. A. C. Pound.

It was decided to send a cheque for fifteen dollars to the Naramata elementary school staff to be applied to the expenses of the May Queen and other Victoria Day celebration expenditures. The Board of Trade is again making arrangements for the annual May 24 festivities to be held at Manitou Park with activities to commence at 10:30 a.m. when Betty McLaren will become May Queen in colorful ceremonies.

A soap box derby was suggested as an attraction for the annual event which is fundamentally a children's day but owing to the lateness of the suggestion it was decided to dispense with the idea for this season but to include it in the 1955 celebrations. Jack Buckley was appointed to convene the proposed activity.

Caleb Jones will be caretaker for Manitou Park, and other business centered around discussions on a "Caution" sign to be placed on the highway at the McPhee corner on the Naramata south benches. It was proposed to appeal for the two signs at the very dangerous corner, the scene of a number of car accidents. When approached by the secretary, the district engineer received the matter favorably and Mr. Dicken felt the signs would soon be erected.

When the Naramata Board of Trade president and others attend the forthcoming meeting of the Associated Boards of Trade to be held in Cawston tomorrow, they were told to endorse the "Bridge" resolution as approved at the January meeting of the association.

Tentative plans were made in respect to entering a Naramata float in the Penticton Peach Festival parade in August and the matter was left to the executive for further action.

The hell-diver is one of the most widely distributed of American birds, being found all over both North and South America, excepting only the very extremities of the continents.

Miss Ruth Adams, Miss Hettie Parkins and Miss Ruth Gibbs.

Horticultural Group Meets Tomorrow Night

Penticton Horticultural Society will meet at the Hotel Prince Charles tomorrow night at 8 p.m. Summerland Horticultural Society have been invited to this meeting and an interesting program has been arranged.

Everyone is asked to take part in the showing of spring flowers and arrangements.

About 70 percent of all land in the Republic of Ireland is devoted to crops and pasture. The lake and canal systems of Finland provide 3000 miles of navigable waterways.

This Sales Position Is A Challenge To Your Ability

It isn't easy. It requires study and willingness to work some evenings. You must like people and be genuinely interested in their problems. BUT, to the man who can qualify, the rewards are many — ABOVE AVERAGE INCOME with no "salary ceiling", early advancement opportunities, Group and pension plans and, equally important, the job of helping others in an important way.

The company you would be representing is nationally advertised and one of Canada's best known. To make sure you have the qualifications for success in the business we shall be glad to arrange interviews and aptitude testing. Apply stating age, present position, if married, length of time resident in community, business background and previous sales experience, if any.

All applications treated in strict confidence.

Summerland Council Keeps Lots For Park

SUMMERLAND — Summerland council meeting on Tuesday instructed the municipal clerk, Gordon Smith, to have a letter written to the board of parks' commissioners to express appreciation of work done by them in the Peach Orchard cemetery and in other parts of Summerland which have been set aside as park areas.

A new section has been added in the cemetery and shrubs will be planted in some spots. A request for blacktopping in certain sections is being considered.

Parks' commissioners are W. Snow, George Wolter, H. W. Brown, and E. H. Bennett, secretary-treasurer.

The tiny Grand-Duchy of Luxembourg exports iron and steel products to many countries.

Rev. C. S. Lutener New Rector Of Oliver Church

OLIVER — A service of induction was held at St. Edward's Anglican Church in Oliver on April 25, when the Rev. C. S. Lutener was handed the keys of the church and took up his official duties as rector.

The interesting and impressive service was conducted by the Bishop of the diocese, the Rt. Rev. P. P. Clark, assisted by the Rt. Rev. Bishop Frederic Stanford, retired, whose home is now in Oliver.

Rev. Lutener took his training at the Anglican Theological College in Vancouver, following military service overseas. He has served at Port Alice on Vancouver Island and at Endorby.

At present he is enjoying a brief holiday. He will take up residence in Oliver with his wife and two children during this month.

Rev. G. T. Pattison, incumbent during the last three years, is now at Mission.

Applications Accepted At Summerland

SUMMERLAND — The list of those who applied and were accepted at Tuesday's council meeting were Ken Heales, A. W. Watt, E. Puttner, A. E. Dean, H. C. McCargar, A. W. Nishett, J. C. Mizbrocky, and J. L. Turcotte, and Mr. W. T. Tovey and C. R. B. Fudge for sprinkler power.

Water applications for sprinklers were granted to G. Pennington, Adam Stein, Mrs. A. H. Hall, J. T. Wolfer, Jim Holler, M. W. Toews, R. J. Bangman, Anton Holler, G. R. B. Fudge and A. F. Wright. Domestic water application of E. Puttner was accepted.

Oliver Players Postpone Play

OLIVER — The Oliver Community Players, who recently completed a successful tour with the play "George Washington Slept Here" under the direction of James Argue, have a business meeting and decided that there would not be time to present another play this spring.

The next play "The Glacoda Smile" will be held over until fall. Practices will start in September and the play presented during October.

Social meetings will be held about once a month during the summer, when the group will meet at the homes of members on Sunday afternoon and conduct readings. Besides providing excellent training, these readings will familiarize the group with plays which may be presented at a later date.

The first meeting will be held Sunday, May 9, at the home of Mrs. Audrey Millar, when Hugh Porteous will be in charge of the reading.

Consider Sale Of Park Land At Summerland

SUMMERLAND — Frank Daniels attended Summerland council meeting last week with an offer to buy the three lots south of his store at Summerland, saying that he wishes to expand his business on the lot nearest the store.

These lots were reserved for park purposes at the request of lower town residents who later in a petition asked council to reconsider as the spot was thought to be a potential danger to children.

No action was taken by the council at the meeting.

JEHOVAH WITNESSING

There is no "Jehovah" witnessing done in the gospel of Jesus Christ. The Jehovah name belongs solely to the Moslem regime. Abraham, Isaac and Jacob knew God by the name "Almighty," but by the name "Jehovah" He was not known to them, Exodus 6:3.

God made Himself known to Moses and the Israelites by His name "Jehovah." That name obtained until it made Jesus Christ a curse. See Gal. 3:13. Isa. 58:10. "It pleased the Lord to bruise him." The name Jehovah didn't leave room for a human being in the Godhead.

When Christ arose, overcoming the "curse," put upon him, "God highly exalted him" and gave him a place in the Godhead, which changed the name to "Father, Son and Holy Ghost." See Mat. 28:19.

To propagate the name Jehovah is to ignore that "New Name" that Christ gave us as our Godhead—Father, Son and Holy Ghost.

Don't forget 634 Van Horne St., The R. C. Horner Memorial Mission.

Naramata Locals

Gerald Rayner, a UBC student, arrived in Naramata on Sunday to make a short visit with his parents, Mr. and Mrs. Cyril T. Rayner, prior to joining a geological survey party for the summer months.

Mrs. Frances Saunders, who has been visiting for the past month in Naramata with her son-in-law and daughter, Mr. and Mrs. E. C. Tennant, returned to Vancouver on Sunday where she plans to take up permanent residence.

Arthur Paul has returned to Naramata after spending the winter months in Nanaimo and other Island centres.

Special services in observance of Mother's Day will be held on Sunday in the Naramata United Church. The family day period of worship will commence at 11 a.m. and the program will include music by the Junior Choir solos by the Misses Jean Stiff and Marlene Johnson, the latter a successful entrant in the recent Musical Festival, the junior story by Mrs. A. L. Day and a flannel graph story by Rev. A. C. Pound.

A three-act play "The Old Lady" by Rodney Ackland, story by Hugh Walpole, was read by members of the Naramata Players at their meeting on Friday at the home of Mr. and Mrs. R. H. Walsh. Plans were finalized for the group of local actors who will participate in the South Okanagan zone drama festival to be held in Kelowna on May 1 and 15. The Naramata dramatic club will present the cave scene from "Lady Precious Stream" the successful production given here last month. Those travelling to the orchard city to perform on Saturday, May 15, will be Kitty Wilson, Perry Darling, Ernest Grossman and Val Morche. Harr, Killick will accompany the group as lighting technician.

The Naramata Players will meet again on May 19 at the home of Mr. and Mrs. Gottfried Morche.

Ann and Jim Savage, of Penticton, were Easter week holiday visitors at the home of their grandmother, Mrs. L. J. McLellan.

Mrs. E. G. McAndrews with her mother, Mrs. Campbell, have come from Penticton to take up residence in the Marlin Denon lakeside cottage.

Mrs. Edith Languedoc has arrived home after visiting in Vancouver with her nephew and niece, Mr. and Mrs. Keith Colquhoun.

Mrs. Dudley Taylor, with two

Facts About Cancer

A little (in height) woman can be a dynamo of energy. There's one living just outside Armstrong. Her name is Mrs. Eric Williamson, and she stands just under five feet in stocking feet.

Mrs. Williamson daily milks 12 cows, visits her husband in the hospital, looks after four children and, of course, runs her farm. In the evenings, during the first week of April, she walked from farm to farm and door to door, and brought to the Armstrong Unit of the Cancer Society its first campaign money—forty-three dollars.

There's a saying about "little packages" isn't there?

Another woman who believes in doing a job is Mrs. George Lewis of Summerland. A few weeks ago Mrs. Lewis offered to help the Summerland unit with its sewing project (they make pyjamas, gowns, etc., for B.C. Institute patients). She was given a bolt of flannel to cut from. Within a short time Mrs. Lewis returned with the bolt. . . but this time the entire bolt was in patterns. She had cut up all the flannel. . . It was ready for the hum of sewing machines.

It seems people really want to know about cancer. In eight B.C. towns, 3800 people in the last three weeks were told about this disease and its symptoms.

Panel discussions, featuring local doctors and, often, Vancouver specialists, were held in Richmond, audience of 250; Ladysmith, 200; Quesnel, 600; Powell River, 550; Victoria, 1700; Duncan, 500; Kelowna, 800; Burnaby 500 and Port Alberni 250. In Kelowna at least 25 people stood throughout the evening's discussion; in Victoria, forty-five minutes before the panel took their seats on the platform, people were being turned from the doors. Victoria estimated a total of 2000 people were turned back because "sorry, not even standing room."

This is growing into a "People

Are Wonderful Department?" column. But it's true. Along with the cheques that daily increase the mailman's load, are some informal notes. We thought you might like to read a few yourself.

Here's one. "We appreciate the work you are doing for suffering humanity. My husband was cured of lip cancer ten years ago and has had no return." Another: "The enclosed cheque is just a token of my gratitude. I was a B.C. Cancer Institute patient. Unable to work, my wife and I have \$100.80 per month as our total income. God bless you in your work. I wish I could give more."

QUESTIONS AND ANSWERS

Q. Is there a danger in watching a lump in the breast "to see what happens"?

A. Yes, a very grave danger. Time is a most important factor in the control of cancer and waiting "to see what happens" may permit a curable cancer to become incurable by spreading to other tissues.

Q. Are all breast lumps cancer?

A. No. But any lump should be reported to your doctor.

Q. Do uterine fibroids ever become cancer?

A. Only rarely do they undergo malignant change.

NEW PROOF THAT MILLIONS CAN END THE NEED FOR LAXATIVES

—find relief from constipation this safe, natural way—without the injurious effects of repeated laxative use.

With all the progress of medical science over the past 50 years, authorities say there is no longer any reason why irregularity should be our most widespread human malady.

Nor is there any reason for developing the *habitual* use of harsh laxatives—of doing with one preparation after another in the vain hope of finding, in some potion or pill, the "secret" of lasting relief.

Long-continued study of the problem has shown that one of the most common causes of irregularity is *lack of bulk* in the diet. And when this is the case, the common-sense correction is to be found not in the drug store but in your food store!

IT HAS LONG BEEN A MEDICALLY RECOGNIZED FACT THAT NATURE HAS PROVIDED, IN THE NATURAL FOODS MEN WERE INTENDED TO EAT, ALL THE ELEMENTS NECESSARY FOR THE LIFE-LONG AVOIDANCE OF COMMON CONSTIPATION.

One of these elements is natural fibrous bulk, or vegetable cellulose, which normally and naturally aids the rhythmic process of elimination.

In no natural food is this natural bulk so ideally found as in the outer layers, or bran, of the whole wheat kernel, which, as you know, is lost in modern milling.

Because of the known value of bran in promoting regularity, the Kellogg Company has produced a complete, whole bran—with nothing taken away to lessen its effectiveness—sold under the name of Kellogg's All-Bran, the natural laxative cereal. How effective is All-Bran? This has

been demonstrated in a series of systematic clinical studies reported in leading medical journals.

In one study, 135 people with known delayed bowel function were given one ounce of All-Bran daily for one week. They were studied clinically and with X-ray with tests made before, during and after they ate the All-Bran.

OF THE 135 PEOPLE, 107 SHOWED DEFINITE CLINICAL IMPROVEMENT IN JUST 7 DAYS.

IN A FOLLOW-UP STUDY, BETTER THAN 6 OUT OF EVERY 7 PATIENTS WHO WERE GIVEN ALL-BRAN IMPROVED.

The greatest advantage of All-Bran is that it corrects the cause of irregularity due to insufficient bulk. Chemical or drug-type laxatives, on the other hand, are intended only for overnight relief of a temporary stoppage.

When people use these products habitually—in a way that laxative makers never intended—they punish their digestive system in a way that nature never intended. Instead of correcting the cause, they often actually make their condition worse.

If you think you must take a laxative preparation occasionally, do so. But do it wisely. Read the instructions completely. AVOID EXCESSIVE USAGE. But for natural and lasting relief put your trust in nature. Just eat daily a one-ounce serving of All-Bran for breakfast and drink plenty of water.

This All-Bran plan has helped millions to re-establish and to maintain healthful regularity. Why not you?

Kellogg's

the natural laxative cereal

Peach Blossom Annual Campaign Spotlights Beauty Of Okanagan

Penticton Tourist Association took western Canada by storm recently as they invaded Winnipeg, Saskatoon, Edmonton, Calgary, Vancouver, Victoria and Ocean Falls with store wide displays of peach blossoms in the Hudson's Bay department stores and in some CP Airlines offices.

Enthusiasm Shown For Square Dancing

An enthusiastic number of guests from near and far acclaimed Les Boyer "tops" at calling square dancing, also as master of ceremonies in seeing that everyone had a good time.

Occasion was the Peach City Promenaders jamboree in the school cafeteria. Visitors from as far south as Bridgeport, Wash., west from Princeton and Kelowna, north from Summerland and Kelowna as well as members from the local old time dance club and the Scandinavian dance club were among the happy crowd.

Kelowna issued an invitation to attend a jamboree in that city, this Saturday. It will be held at the aquatic building. Quite a number signified their intention of making the trip including Mr. and Mrs. Les Boyer who never miss an opportunity to boost the gaga jamboree planned by Peach City Promenaders in the Penticton Memorial arena, May 22, and the giant international jamboree August 20 and 21 at the Penticton Peach Festival.

SUMMERLAND — A. K. Macleod, president of Summerland board of trade; Lorne Perry, secretary; Reeve F. E. Atkinson, and Eric Tait, president Summerland Co-op Growers' Association, attended the annual banquet of Kelowna board of trade on Wednesday evening when Hon. H. Stevens spoke on "Canada Grows Up".

WINDSHIELD and WINDOW TOOL

for removing ICE, SLEET, SNOW, FROST, FOG and WATER. The TWICO SQUEEGEE SCRAPER has a dual purpose scraping and wiping blade key-locked into a strong, easy-to-grip handle. It will weather-condition the windows in your home or on your car in any kind of weather without scratching the glass. The toughest ice and sleet chip away like magic with the hard scraper edge — steam and fog fade away from the soft rubber squeegee side of the blade. For greater safety and driving visibility, carry one in your car.

Reeve F. E. Atkinson, Summerland, Submits Arguments Regarding Increased Improvements Tax

SUMMERLAND — Summerland council with an \$11,000 increase in estimates this year debated the subject of raising the mill rate or of putting up the tax improvements and prior to the severe frost were looking at all sides of both these proposals. A special meeting on Saturday morning decided to maintain the tax rate at last year's level of 42½ mills, but Reeve F. E. Atkinson submitted the following arguments to the council regarding an increase in improvement tax:

"The amount of taxes to be paid by a ratepayer should correspond to the public service received by him. Since 1946 we have levied our taxes on a basis of 100 percent of land assessments and 50 percent of improvement assessments. There have been few complaints and it has not been proven that this balance is unfair.

"Relative assessed valuation is the first basis of distributing tax load to be borne by property owners. Thus, equitable sharing of municipal taxes depends basically on a uniform assessment of properties. If the council plans to go further into a study of municipal taxation in Summerland, then, I submit, that we start with a study of assessments and decide if the present basis is fair or if changes should be made. In the second step we should establish if the tax load is fairly distributed between the various categories of ratepayers in the municipality.

"The mill rate can be changed each year, but the basis of taxation, that is, the proportion that will be raised on land and on improvements is only changed occasionally, and if an injustice is done it may persist for several years. A change in the basis of taxation should only be made after a definite need is demonstrated.

"The council should determine the views of a great many ratepayers in all the categories affected before making a change in improvement tax. If the council

feels that this subject should be thoroughly investigated during 1954, and the tax on improvements raised to 60 percent in 1955, then this subject should be discussed at ratepayers' meetings during 1954 in order to obtain public opinion in this matter.

"Changes in tax structure, if found desirable, could be made in 1955 at the same time as changes necessary under the new provincial legislation."

Coins of the United States are minted at Denver, Philadelphia and San Francisco.

FOR YOUNG MEN OF 16

Apprentice Training
for a
Bright Future

Combine thorough trades training, schooling, sound discipline, with understanding of the spirit of youth and you have the elements of the Canadian Army's Soldier Apprentice Plan for young men of 16. The Soldier Apprentice training is designed to enable young men to gain promotion to higher ranks in the Army.

The young men who are accepted for Soldier Apprentice training receive:

- thorough trades training in one of 16 trades.
- academic training — comparable to that received in secondary schools.
- the general military training of the Canadian soldier.

Soldier Apprentices are eligible for all Army benefits, including 30 days annual leave. They receive half pay when 16 and on their 17th birthday they receive full pay.

To be eligible, the young man must be at least qualified for high school entrance. He must have attained his sixteenth, but not his seventeenth birthday.

Courses begin in September but applications are now being received. Following interviews, the applicants may be accepted after June 1st and then sent home on leave until courses commence in the Fall.

To obtain an interesting booklet and full information on the Soldier Apprentice Plan, write, phone or visit the Army Information Recruiting Centre nearest your home.

The Member Reports

By O. L. Jones, M.P. for Yale

The House resumed its duties on Monday last, after the Easter recess, continuing with the budget debate where we left off before the recess. This particular budget debate is somewhat different from the others that I have listened to in so much that it appears to me more French-speaking members are taking part in the discussion, each of them dealing with the situation that has arisen regarding the new income tax recently levied on the people of Quebec by Mr. Duplessis. The Liberal members who have spoken all support the policy of the government.

O. L. Jones, M.P. for Yale, went to insist that the Province of Quebec levy and collect their own income tax without any further deduction from the tax levied and collected by the Federal Government in that province. It is generally understood, however, that some Liberal members are opposed to government policy in this matter; but it appears very doubtful if their opposition will become vocal. Not so, the opposition French-speaking members. Both the Independent and Progressive Conservatives who have spoken take the stand that the Federal government should allow the tax payers, in the Province of Quebec to deduct 15 percent of the tax payable to the Dominion government. If Quebec were to be granted this privilege, it would react against the government in the other provinces who have signed agreements under which they get an annual rental for their income tax field.

We in British Columbia received \$40,000,000 in 1953, and in the year just ended \$43,000,000. If Quebec had signed such an agreement they would have received \$121 million while the sum they now hope to get would be considerably less through levying their own taxes. This province has consistently fought against any encroachment by the Federal government into its field of operations, being afraid of losing its provincial autonomy. While other provinces of Canada enjoy a substantial grant towards the cost of education — given annually to the seats of higher learning in the provinces — Quebec refuses to accept this gift from the Federal government. In their case it would amount to well over \$2 million. Approximately one-half million dollars would go to McGill University whose adverse balance this year is about that amount. Naturally, these school and universities who are thus denied a substantial form of assistance are looking to the provincial government of Quebec to make good their loss but, so far, they have not responded. The Conservatives have been suggesting a Dominion-Provincial Conference with a view to ironing out such difficulties as these, but for practical purposes such a conference would be of little value in dealing with the two matters that I have spoken of today. If the province of Quebec were anxious to iron out this problem they would express some spirit of co-operation to that end. So far, Mr. Duplessis has merely made his demand without any compensation or cooperative suggestion with the Federal government.

The situation regarding civil defence in Canada has compelled the Federal government to change its policy towards the cost that, up to now, has been borne by municipalities. From now on, the federal government will pay 50 percent of the cost. This was decided at a meeting in Ottawa early this month. One of the speakers at that meeting expressed the thought that Civil Defence is of urgent importance as, in his opinion, if we are to enter a third World War, it will be within the next twelve months. If we can avoid such a conflict for that period, then, he believes, we should have a long period of peace. Civil defence in Canada, has been practiced in theory for sometime but actually little has been done, particularly in some of the vulnerable areas of our country. Perhaps this new inducement by the federal government will awaken interest in some of these municipalities.

It has always seemed strange to me that so little time has been spent in dealing with Indian Affairs by Parliament especially when we consider that they originally occupied the whole of this country. Generally speaking, their affairs are discussed briefly during the period of the Estimates are before us. However, last week the department answered some questions on the Order Page regarding our Indian population which now numbers 136,407 according to the last census. During the last ten years, the population of Indian children has increased by 26.4 percent. We were also informed that 205 new schools have been constructed to accommodate our Indian population during the last four years, 31 of them in the province of Saskatchewan. This indicates a complete change of interest for the welfare of our Indians. No doubt, through education and understanding, they will eventually become equal partners in all matters pertaining to citizenship. The federal government, as a trustee for the same Indians, have charge of funds totalling \$23 million. A great deal of this is held in trust for B.C. Indians who, for a long time, have been selling very valuable lands, particularly along our coastal regions. Just now, the Alberta Indians are rapidly building reserves through the royalties derived from oil produced on their lands. There has been a renewal of interest in Indian Affairs since the new minister has taken charge but a great deal still needs to be done, especially from the housing and health point of view. I firmly believe that, with careful guidance, our Indian population can be brought to the average Canadian standard and thereby will play their part in the government of our country.

Mr. Elmore Philpott, during his speech, discussed the CBC and television, advocating a policy whereby private enterprise would be allowed to compete with the publicly-owned CBC. He used as an example the efficiency of the daily press in the large metropolitan areas where, through keen competition, we have enjoyed progressive newspaper development. He referred to television as a utility of such tremendous potential that it may have a far greater effect on the lives of all of us — and especially the children — than radio, or even the press, has had in the past. He stressed that it would be a mistake for us to try to duplicate exactly in the television field the set up in the radio field. In this connection, the Minister of National Revenue last month declared that the government does not intend to create a monopoly in television or to stop the development of private stations where such is feasible. Mr. Philpott agreed with the statement of policy that we should set a course immediately whereby we would have complete coverage from coast to coast. I agree with this point because it is time that the government took steps to develop television outlets so that the whole of Canada would have, at least, access to one channel.

The first mention of cricket is believed to have been recorded in 1593 as "kirkett".

Summerland Mill Rate Remains Same As Last Year Despite \$11,000 Increase In Estimates

SUMMERLAND — Although Summerland council is faced with an increase of \$11,000 in estimates this year due to increased school costs, a special meeting on Saturday morning voted to keep taxes at the same level as in 1953, due to the severe frost loss.

A program of economy will be followed by the council to fix the mill rate at 42½, and there will be a net reduction in roads amounting to \$4,200 or the equivalent of one mile of paving. This is the first time in three years that the road estimate has been cut.

To supplement the road loss it is planned to transfer from surplus \$3,250 which had accumulated from roads in previous years, and for 1954 to charge street lighting in the amount of \$2,100 to the electric light department. Formerly this was charged to general taxation. From the tax savings account \$1,350 will be moved over to roads, making a total of \$6,700.

With the mill rate remaining the same as last year, the basis will remain the same and is: municipal, 164; schools, 41.394; debt service, 942; total 42.5 mills.

There may be considerable reconstruction in roads and preparation will be made for black-topping next year, it is hoped.

First reading was given the tax rate bylaw on Saturday morning.

Material can be preshrunk by ironing it with a steam-iron before cutting the pattern.

Summerland Council Recognize Parks Board Work Throughout Town

SUMMERLAND — Summerland municipal council has decided not to sell the three lots directly south of Frank Daniels' store at Summerland which Dr. Daniels wished to buy.

These lots were designated as park area this spring and it was thought that there is little ground for park or beach property available in the municipality now, so these lots should be kept as such.

While they are rather small, it was thought that they could be deepened by removal of soil from the cliffs behind.

Announce Cribbage Winners At Summerland

SUMMERLAND — The Ladies' Auxiliary to the Canadian Legion had a successful season with their cribbage parties which were held every two weeks throughout the winter.

At the wind-up on Wednesday Mrs. C. Minshall won first prize for the ladies and E. Saunders was winner among the men. Consolations went to Mrs. H. Baker and E. A. Soderquist. Mrs. Roy Darke and E. T. Matchett captured the travelling prize, and Harry Thornwaite won the draw.

First Annual Penticton and District United Welfare Appeal

1954 "8 IN ONE" APPEAL

\$15,000 Must Be Raised From May 11th to 15th

SUPPORT THIS "8 IN ONE" APPEAL!

Commencing May 11th, the date of the blitz drive, and for the balance of that week the citizens of Penticton, Kaleden and Naramata will be canvassed by members of various active service clubs and other organizations, requesting that they contribute as much as possible to this new and combined appeal for funds, which will be the only appeal from these organizations in 1954.

The Penticton and District United Welfare Appeal comprises the following welfare groups who are asking your support:

- Canadian Arthritis and Rheumatism Society
- Canadian Cancer Society
- Canadian National Institute for the Blind
- Kinsmen B.C. Polio Fund
- Boy Scout Association
- Girl Guide Association
- St. John Ambulance Association
- B.C. Society for Prevention of Cruelty to Animals

An appeal to Penticton, Kaleden and Naramata citizens from eight welfare groups who ask your generous support:

**CARS
CANCER
CNIB
KINSMEN B.C. POLIO
BOY SCOUTS
GIRL GUIDES
ST. JOHN AMBULANCE
SPCA**

WHAT IS THE PENTICTON AND DISTRICT UNITED WELFARE APPEAL?

Its object is to solicit from the public once each year and to seek aid from canvassers once. It acts as an agency to collect but not administer funds, thus avoiding the necessity of a year-around paid worker as in the Community Chest.

ONE DAY BLITZ

**DURING AFTERNOON AND EVENING
MAY 11TH**

CANVASSERS WILL CALL AT YOUR HOME!

CANADIAN CANCER SOCIETY

The Penticton unit has been in the forefront to bring about one concerted drive for all welfare fund raising campaigns; and we feel that it is reasonable to suppose that few people today remain unconvinced of the wisdom of such a course. The Canadian Cancer Society urgently requires funds for research and its educational program which brings to the public's attention that the main hope of recovery at present is early diagnosis and treatment. Funds are also required to transport patients to a treatment center and pay for boarding homes during treatment, where the patient is unable to pay. Locally, the Cancer Clinic is carried on at our own hospital.

ST. JOHN AMBULANCE CORPS

St. John's Ambulance is a non-profit organization that trains people for their own protection and all instruction is given by volunteer workers. Among those given instruction are Junior Forest Wardens and Guards, Air Cadets and Cadettes and Boy Scouts, as well as 83 adults who last year had first aid training. The necessity of having trained personnel available at many points in a city, not only in the event of war, but in our daily lives, is becoming increasingly evident, and funds are needed to purchase supplies and give efficient operation of the Corps for the benefit of the public.

CANADIAN NATIONAL INSTITUTE FOR THE BLIND

Your dollars will allow the CNIB to build up its services and facilities to meet the growing needs of B.C.'s sightless residents. Through the Institute's Service Centers, field workers and home teachers many have learned the joy of reading anew and the social and recreational activities have brought happiness and restored to usefulness many a life which would otherwise have been lost to despair. The work of the CNIB is going forward and the continued support of our many friends through the United Welfare Appeal will be greatly appreciated.

CANADIAN ARTHRITIS AND RHEUMATISM SOCIETY

CARS requests your support of the Penticton and District United Welfare Appeal in order that it may continue its work in this district for arthritic patients. A physiotherapy room is maintained in the local hospital and over 2,500 treatments were given during the past year. Funds are also required for research into causes of these diseases and new methods of treatment. The local branch of CARS is very much in favor of the principle of a single appeal for funds for charitable or humanitarian purposes; helped the United Appeal to become organized and was one of the first to join.

THE BOY SCOUTS ASSOCIATION

Founded in 1908 to develop good citizenship among boys, the Boy Scouts Association today steadfastly continues in this aim of character training by teaching boys habits of observation, obedience, and self-reliance. It inculcates loyalty and thoughtfulness for others. Boys are taught services useful to the public and handicrafts useful to themselves. The movement promotes the physical, mental and spiritual development of boys from eight to 23 years of age by individual training. By supporting the United Welfare Appeal you will be supporting the 45 adult Scout Leaders and seven committees to continue the training of 412 Cubs, Scouts and Rovers in this District.

GIRL GUIDE ASSOCIATION

A national movement dedicated to the training of young girls to encourage good citizenship. Funds are required for camp equipment, badges earned by Guides and Brownies, expense in connection with meeting halls and transportation for the Guides to and from rallies. All training and instruction is given by volunteer workers. The Girl Guide Association believes that every dollar invested now in this worthy cause will reap far greater rewards in good citizens in years to come and earnestly solicits your support of the United Welfare Appeal.

SOCIETY FOR PREVENTION OF CRUELTY TO ANIMALS

With so many appeals each year the average citizen simply cannot donate to all and just "who" to donate to is quite a problem. Under the Penticton and District United Appeal the organizations concerned will benefit according to their quota and it will also do away with the constant demand for canvassers. The SPCA is ever ready to give help to sick animals (until they are under the care of a veterinarian) and look into matters concerning neglect or abuse of animals. Lloyd Hodge may be contacted at 4302. Local officials of the SPCA also investigate circuses or other groups entering the city in which there are animals.

KINSMEN B.C. POLIO FUND

The need for funds to assist in the research and cure of polio has become increasingly evident during the past few years and those who administer the campaign in Penticton now request your contributions to the United Welfare Appeal in order that progress can continue to be made. A rehabilitation centre is maintained in Vancouver and all polio cases are given hospital attention there as well as rehabilitation instruction and help. Funds are requested in this connection and for research work, which is so important at the present time.

What Is The Quota?

\$15,000, which will cover prior total funds raised by the above groups individually — but let us try to "go over the top".

When Is The Drive?

The week of May 11th-15th.

When Is The Blitz?

The afternoon and evening of May 11th.

Who Is Canvassing?

Over 500 members from active service clubs and other organizations.

How Much Should I Give?

In accordance with your income — remembering all donations are exempt from income tax — and as generously as possible, taking into consideration the fact that you are giving in one appeal to eight welfare groups who have canvassed separately in the past (either by house to house campaigns or by tag days).

May I Pledge My Donation?

Yes. A sum may be pledged to be paid in installments or at a future date during 1954. These payments may be made through your bank (the canvasser will have authority forms for this purpose) or cash installments may be paid to Mr. Keddie at the Bank of Montreal. All installments paid during 1954 will be deductible for this year's income tax.

Where Will I Be Canvassed?

At your home. There will be no canvass of employees at their place of work. However, businesses will be canvassed for donations in the Company or Firm name.

What Are The Overhead Expenses Of This Campaign?

Limited to printing and advertising for one campaign instead of eight.

Distribution

All funds collected, after taking care of expense for printing and advertising, will be divided on a percentage basis — based on the average funds raised during the past three years by the above welfare organizations when they appealed to the public individually.

MRS. BERTHA HUNTINGTON, who will be 84 next week, wields a keen razor as she performs on her grandson, Walter Severy, owner of the barber shop that employs her in Rochester, Vt. She started shaving men's beards 65 years ago.

PEACHLAND NOTES

Mrs. Ekins and her daughter Mrs. E. Spiller and grandson Aidan of Kelowna attended the provincial badminton tournament at Nelson. Mrs. Ekins was proud to be able to see grandson Aidan mixed doubles and junior men's doubles. Mrs. Ekins visited her sons Gordon and George at Salmo.

Pte. Art Oliver, his mother and father and Winnifred were recent visitors in Trail with Mrs. Cross, a sister of Pte. Oliver's.

Mr. and Mrs. MacDonald of Trepanier motored to Alberta recently.

Mr. and Mrs. L. McLaughlin Sr. spent a short holiday at the coast.

Miss Gail Witt is home after completing her studies at UBC.

Miss Irene Knight is visiting Miss G. Witt after completing her UBC studies.

The W.A. to the Canadian Legion held its annual Spring Tea on Friday afternoon with a good attendance.

The softball for recreation got underway last Wednesday and it is evident that there will be two Pee-wee teams and two or three of mixed age groups. This is sponsored by the local recreation commission and is for all age groups, so if you would like to play softball just for the fun of the game, local park grounds at the school every Wednesday evening, come on folks, play ball.

The regular meeting of the P.T.A. was held April 27, with a good attendance. Reports from the 24th of May, and swim com-

mittee were made. The matter of the safety of the elementary school children should the gravel bank at the park be removed was discussed and left in the hands of the executive for further investigation.

The Westbank-Peachland Glee Club were guests of the evening and gave a short musical treat to all. Lunch was served by the executive.

Mrs. A. West will attend the Legion convention to be held in Penticton May 30 to June 2.

Miss B. Topham of Kelowna spent the weekend at the home of her parents, Mr. and Mrs. G. Topham.

Mrs. F. Bradley Jr., Harry Birkelund, and Charlie Topham returned home from the Kelowna General Hospital last week.

Reeve W. G. Hawksley is a patient in the Penticton General Hospital.

Don Gregg and Archie Spence are patients in Shaughnessy General Hospital.

Congratulations are in order for Diane and Doreen Ruffe, local contestants in the Okanagan Valley Music Festival. Diane received her first class certificate in the piano solo under 10 years, while Doreen received her second class certificate in the under 11 years. In the duet class, both received first class certificates in the under 12 years. The adjudicator gave praise to both girls.

Mr. and Mrs. Hurburt Oliver of Peachland would like to announce the engagement of Miss Edith Collins of Kelowna to Pte. Arthur Hurburt Oliver of Peachland.

KEREMEOS

KEREMEOS—The initial production of the newly reorganized KeremEOS Adult Players' Group, Noel Coward's "Hay Fever" was well received here on Friday evening by an appreciative audience. The play, under the able direction of Mrs. F. C. McCague, caused much amusement, possibly to a certain extent because of the intriguing situations in which the well-known members of the local cast found themselves. Members of the cast were: Sorel Bliss, Mary Beck; Simon Bliss, Weldon Menden; Clara, Margaret Innis; Judith Bliss, Betty Morley; David Bliss, Fred McCague; Sandy Tyrell, Jack Cunliffe; Myra Arundel, Jean Innis; Richard Greatham, Lloyd Rees; Jackie Coryton, Joyce Graham.

The following members of Lodge 80, OOBP attended the annual district convention of the lodge in Kelowna on Wednesday of last week: Mrs. C. G. Hodgson, Mrs. G. F. Manery, Mrs. T. Raab, Mrs. T. Wurz, Mrs. A. Advocate, Mrs. N. Minifie. All reported a most enjoyable and constructive meeting.

Little Margaret Schmunk, daughter of Mr. and Mrs. J. Schmunk, is in Penticton Hospital, following an appendectomy; her brother, Donnie, is also a patient in Penticton Hospital, following an accident at the inter-school track meet held in Penticton on Saturday afternoon.

Friends of Mr. and Mrs. Vic. Ahear of Quesnel, son-in-law and daughter of Mrs. A. E. Etches, will be happy to hear that Mr. Ahear is holding his own, though still very seriously ill in Quesnel Hospital.

Mrs. Hattie Rundle returned to her home in Vancouver on Monday after spending a week here with her sister-in-law, Mrs. D. J. Innis.

The Sensational New SWP One Coat REPAINT WHITE

CLARKE'S

YOUR LOCAL
SHERWIN-WILLIAMS DEALER

For Whiter, Richer, Longer-Lasting Repaint Jobs

USE SWP ONE-COAT REPAINT WHITE!

You save time and labor when you use this premium quality alkyd-base exterior house paint, because one coat does the work of two!

Just once over with SWP One-Coat Repaint White and those old painted surfaces look brand new again!

4-WAYS BETTER!

Greater Hiding Power

One-Coat Repaint White has twice the hiding power of ordinary house paints. Single coat gives rich new finish to most previously-painted surfaces.

Deeper, Warmer Tone

The purest white pigments ever used in house paint combine with exclusive toning additive to eliminate cold, harsh glare common to ordinary white paint and give deep, rich warmth of tone.

Stays White Longer

Improved, all-weather Self-Cleansing action of SWP One-Coat Repaint White automatically sheds dirt and grime year in, year out, gives your house a refreshing, new white look that lasts.

More Durable

You'll get years and years of protection from a single coat of SWP One-Coat Repaint White. New Alkyd content controls drying, and gives a smoother, tougher, more resilient finish.

New Wide Range of Favorite Colors!

Soft, gentle tints that blend with nature's own color scheme... gay, bright permanent hues that excite the fancy and delight the eye... you'll find them all in SWP House Paints.

More than three times as many colors as ever before to choose from, and every one—made by Sherwin-Williams, whose time-tested reputation for color integrity, durability and service stands unsurpassed.

See them at your Sherwin-Williams dealer today!

PENTICTON, B.C., WEDNESDAY, MAY 5, 1954

OF
CABBAGES
And
KINGS
by
Vince Duggan

Kenneth Johnstone, British newspaperman currently touring Canada to gather information for a book, proved to be an entertaining speaker at the last Canadian Club meeting. In a little before-dinner preamble, he told me how much he was looking forward to seeing a hockey game, "first opportunity to see ice hockey in Canada". But he went on to explain that he followed with interest the records of an English team "where we retain the privilege of having one English player." All the rest are Canadians.

TEAM WORK

Mr. Johnstone was also impressed by the husband and wife team spirit in this country. In the United States the wife reigns supreme from a sort of pedestal, he felt, while in Britain and in many European countries man is king. "During the Blitz," he related, "a bomb blew an English home to smithereens. And as the husband and wife went flying out through the air, hubby remarked, 'oh, well, this is the first time we've been out of the house together in five years.'"

COURTROOM SCENE

Court proceedings are a serious affair often tinged with tragedy or a sense of humor. Covering these daily sessions, would at least qualify a person for some "knowledge of people award." Witness this one morning, last week. A crippled man appeared before Magistrate McLelland, the charge was intoxication and handling, but the point is the man wasn't entirely broke. The conversation went something like this: "Your Honor, if you'll give me a break, I'll get right out of town, Your Honor." "I'll bet you've said that before." "Yes, Your Honor, I admit I've said that before, but this time I mean it." "Where do you propose to go?" "Your Honor, I'm going to the coast." "Well, if I sentence you to the police will take you to the coast." "Your Honor, you are quite right, but I want to go to the coast over the Kopey Penticton highway." "Ultimately he was fined \$10 and costs of 10 days and not having the money he got to the coast alright, courtesy of RCMP. Then I stepped across into county court and witnessed a man put away for two years. It was old stuff for him despite his youth. He has a weakness for putting his signature on somebody else's cheques. And he took his stretch with a certain show of insolence.

EASTERN FINALS

Series between Sudbury Wolves and Matane must have been something. Sitting next to Andy Anderson, goalie for the Wolves, at Saturday's banquet, I mentioned the "Go-Go's" chant and the demoralizing effect it had on Winnipeg Maroons. "That's nothing," declared Andy. "In Matane they throw rocks at us and had an Alouette all their own. Worst part it was all in French and we didn't know what they were calling us."

ETIQUETTE

This is how Miss Flo scolded girls in her column, gleaned from ancient Herald files. "A beautiful girl walked into a reception room the other day. She was lovely to look at, wore perfect clothes, walked with her chin up and carried herself like a lady. Turning to a man on her left I heard her say, 'Pardon me, can you tell me what time it is?' My illusion of a charming, well-bred girl faded. She had made a big blunder. Pardon me is an abbreviation of I beg your pardon and should never, under any circumstances, be used."

GO-Go's

"Finally, I am indebted to an Olympia reader for this one. 'It's history your thinking, 'tis said. You knocked the 'Nel' out of Nelson. And took from poor Whim her 'Peg. And the Sudbury Wolves. The big bad wolves. Make them little coyotes, bystead."

Training School Talks To RotaryLions Hold Luncheon
Aboard SS Sicamous

Members of the Lions Club and their wives from zone D-1 gathered at SS Sicamous, Sunday afternoon, for a joint luncheon. About 50 persons attended, representing clubs from Oroville, Penticton, Kelowna, Vernon, Lumby and Enderby.

Guest speaker was Dr. James Rankine, international councillor from Kelowna, who was introduced by Maurice McNair, international councillor from Penticton. Honored guest was Max Silverman, a Lion, and manager of Sudbury Wolves.

Concert Membership
Drive May 17-22

Plans proceed for the South Okanagan Community Concerts Association's second annual subscription May 17 to 22.

On May 1 all canvassers received kits containing renewal cards for last year's subscribers. Former members will be given an opportunity to renew their subscriptions for the 1954-55 season of concerts. Subscriptions not renewed will go on sale May 18 at the Association's headquarters at the Harris Music Shop, Penticton.

A dinner for all canvassers May 17 on board the SS Sicamous will mark the opening of the campaign. Mrs. J. D. Young will convene the dinner, assisted by Mr. and Mrs. H. D. Pritchard, Mrs. J. Y. Haloway, Mrs. J. B. Peoner, and Mrs. A. McNicoll.

SAND BAGS AVAILABLE

WOMAN APPOINTED
SUMMERLAND — Mrs. Hazel Carrier, Summerland, was appointed as clerk-typist in Summerland municipal office at a special council meeting held on Saturday morning to consider the tax rate for 1954.

Story of the growth of the Canadian Leadership Training School at Naramata was told to Rotarians at their luncheon Monday in the Prince Charles Hotel by the Rev. Robert McLaren, the institution's director. The institution, today, is worth \$210,000, the speaker declared, "and we don't owe a thing."

The project's growth has been largely as the result of the generosity of individuals and organizations in this district and elsewhere throughout the country. "I guess I'll never quit asking for more help," laughed Mr. McLaren, who, before his speech, was suggesting that the Rotarians help with the erection of a cottage at the school site.

"This nation can never spend enough on armaments to make itself safe, in the speaker's opinion. The only safety springs from world understanding and friendship. Yet the cost of a bomber plane could build two hospitals or thirty schools."

"In comparison, the small sums we ask for such as our school do not really look very large."

The world's largest coal mine — U.S. Steel's Robena Mine in Green County, Pa. — last year produced 3,332,872 tons of bituminous coal from the eight-foot thick Pittsburgh seam.

By Jack Scott

THE DOGMA DAYS

Another of those man-on-the-street surveys, this time by the Denver Post, has revealed once more that the level of general knowledge of the average man and woman is pitifully shockingly low.

From time to time Canadian newspapers conduct similar polls and discover invariably that our adult population, while it boasts one of the world's lowest literacy rates is incredibly ill-informed.

"One in 10, as I recall the last survey, knew the name of our minister for external affairs. One in 30 could name the Speaker of the House of Commons. Four out of five Canadians could not locate Korea geographically. So it goes on."

Yet, curiously enough in the face of this absence of factual knowledge, any Canadian newspaper may send out a man-on-the-street reporter and secure forceful opinions on any issue, local, national or international.

How much has this to do with today's methods of mass communications? There is the giant jack-pot question.

On the surface it would seem that the public never had a better chance to be well informed. Newspaper circulation figures all over North America are at an all-time peak. Radio and its giant, awkward sister, television, reached into millions of homes. Magazines, increasingly turning to non-fiction articles, have never before sold in such volume.

Yet in all these various media the plain, unvarnished fact is being supplanted by the purveyors of opinion.

We have come into the era of The Expert, the man who takes the facts and pre-digests them for the public and the public, it would seem, is eager for the simple little pill that replaces the old-fashioned medicine.

The surveys show us that newspapers are sold competitively by their columnists and their pundits. Millions look to the Winchells, Pearsons and (ugh!) the Gabriel Heatters for their "news". The news magazines such as Time and Newsweek offer interpretive views on the events of the day; not what happened but how it looked to them.

If the public has a pain in its belly it may turn to Dr. Alvarez. If it has a doubt in its mind it may turn to a hundred famous name personalities who take the raw material of current history, filter it, sift it, subject it to their own prejudices and retail it as the gospel.

The effect is obvious in the day's conformity of thought, the triumph, as the surveys show so dramatically, of dogma over knowledge.

Many educators and, indeed, many responsible men in the field of mass communications are disturbed by the trend. Like Professor Charles A. Siepmann, of New York University, they see in this new style of "news" the death knell of individualism.

"There can be no doubt that we have far more facts stored in our memory than our ancestors had," Prof. Siepmann wrote recently, "but perhaps a proper question to ask is: how many of these facts have we digested? How many of them have we made our own by mature, independent thought? What, in other words, is happening to our thoughts and feelings as, increasingly, we allow others to play upon them?"

These are valid questions when the peace of the world depends so much on knowing truth.

The Ramayana, one of the great Sanskrit epics of ancient India, has 48,000 verses.

First watch was invented by Peter Henle about 1500. Henle lived in Nuremberg, Germany, and from this and their round shape, the first watches were called "Nuremberg eggs."

Special wedding complexion are effected by Albanian brides by smoothing their faces with a preparation of lemon juice and sugar, applied boiling hot.

Self-Iced SPICE CAKE

Sift 3 times, 2 1/2 c. once-sifted pastry flour (or 2 c. once-sifted all-purpose flour), 2 1/2 tsp. Magic Baking Powder, 1/2 tsp. salt, 1 1/2 tsp. cinnamon, 1/4 tsp. each of ground cloves, ginger, allspice, nutmeg and mace; mix in 1/2 c. seedless raisins and 1/2 c. chopped walnuts. Cream 3/4 c. butter or margarine and blend in 1 1/2 c. lightly-packed brown sugar; beat in 3 well-beaten egg yolks and 1/2 tsp. vanilla. Add dry ingredients to creamed mixture alternately with 3/4 c. milk; spread butter in greased 9" square pan lined in the bottom with greased paper. Beat stiff, not dry, 3 egg whites and a few grains salt; gradually beat in 1 c. lightly-packed brown sugar and spread over cake; sprinkle with 1/2 c. chopped walnuts. Bake in rather slow oven, 325°, 1 1/4 to 1 1/2 hours; cover lightly with brown paper for last half hour.

Impressive Kramer-Klix Ceremony Creates Wide Interest Here And Abroad

SUMMERLAND—Friends from Rutland to Osoyoos and from Vancouver gathered aboard the SS Seacomus on Easter Monday, April 19, to attend the candlelit wedding ceremony of Barbara Klix, only daughter of Mr. and Mrs. Rudolf Klix, Summerland, and George Kramer, Vancouver, son of Mr. and Mrs. George Kramer, Bremen, Germany.

The bride was given in marriage by her father, the double ceremony was performed by the Rev. Kenneth Knight, of Summerland Baptist Church. Rings were made for the occasion by the groom's father.

Flowing white satin with lace-covered bodice and matching lace in the train, the bride wore the beautiful, full-length gown, a veil of nylon tulle with gossamer applied was held by a Juliet cap. Pearl earrings and necklace completed the ensemble, and the wedding bouquet was of white carnations.

Miss Joyce Smith, Summerland, matron of honor, wore a floor-length gown of green nylon net with matching headpiece and stole. She carried yellow daffodils and narcissi.

Four bridesmaids were ballerina-gowned in nylon net in the soft colors of spring. Miss Barbara Bernbach, Penticton, was in yellow and green; Miss Maria Busch, Kaleden, in blue; Miss Ruth Lutterman, Penticton, in blue and pink; and Miss Pearl Bolger, Summerland, in yellow. All wore matching headpieces, white accessories, and had yellow bouquets of daffodils and narcissi.

The flower girl, Karen Hotten, Vancouver, wearing a floor-length pink tulle dress with matching wreath on her long ringlets, carried a basket of spring flowers. Frankie Bauman, Vancouver, ring bearer, was in a white shirt and black velvet trousers.

Bestman was Kurt Papke, Vancouver, and ushers were Bernhard Bernbach, Manfred Priesse, Helmut Huettemann, and George Grundig, all of Penticton.

A replica of a chapel had been arranged for the ceremony with a green arch decked with almond blossoms, banked with white candles and Easter lilies. Below the arch hung a picture, "The Ascension of Christ," painted in oils by the father of A. Schwenk, Penticton. Mr. and Mrs. Schwenk, Mr. and Mrs. Priesse, Manfred Priesse, and Mrs. Klix, planned the setting.

Miss Ruth Dale, Summerland, was pianist, and Ludwig Koesel, Summerland, soloist. Guests were received in the banquet hall, of the Seacomus where tables were laid for one hundred and thirty. Spring flowers were used as decoration and the bride's table had white tapers, Easter lilies, and a three-tiered wedding cake made by her grandmother, Mrs. Trude Priesse.

Adolf Schwenk was master of ceremonies, proposing a toast to the Queen. Mr. Knight gave the toast to the bride with response by the groom. Toast to the attendants was proposed by the best man with George Grundig, reply.

Congratulatory telegrams were read by Mr. Papke from Milton Parker, Penticton, and from the bride's brother, Earl Klix, of the B.C.A.F. stationed at St. John's, P.Q.

An enjoyable program consisted of solos by Mr. Koesel; piano solo, sword dance, and ballet. Nora Priesse; recitations by Ellen Beutrick; Osoyoos; solo by Ann Lehnar, Summerland, accompanied by her mother, Mrs. R. Lehnar; Italian solo, Hugo Redivo, Penticton; monologue, Kurt Bonni, who accompanied guests with his guitar as they sang old German folk songs.

The Valley Oldtimers' orchestra supplied music for dancing, and the bride's bouquet was caught by Miss Ellen Beutrick. For the honeymoon to coast points the bride wore a powder blue accordion pleated frock, blue hat, darker blue coat and navy accessories. Her corsage was of white carnations.

Out-of-town guests included Mr. and Mrs. Kurt Papke, Bernhard and Gordon, Mr. and Mrs. Werner Bauman, and Frankie; Mrs. Pat Hotten and Karen; Mr. and Mrs. Joe Beutrick, all of Vancouver, and others from the Okanagan.

The bride is a popular member of the MacDonald School teaching staff.

ALONE AT A PARTY?
It sometimes happens that you find yourself alone at a large party without a familiar face in sight. When that happens, head for another lone person or a small group and introduce yourself. That's much better than letting your hostess find you standing alone, looking like you wished you had stayed at home.

Grease should be removed from kitchen walls and cabinets before painting, to ensure cleaner finish.

The Recipe Corner

SWEET AS PIE SHOULD BE

This pie has all the sweetness and richness expected of any dessert. First, the filling is a light and airy combination of gelatin, and lemon juice, flavored with coffee. The delicate crust is made from corn flakes, sugar and butter and requires no baking. Just combine these ingredients and press firmly around bottom and sides of pie pan. The coffee required in this recipe is coffee brew which is a wonderful way to use up any left-over breakfast coffee.

Coffee-Crusted Pie With Corn Flakes Crumb Crust

3 cups corn flakes
1/2 cup butter or margarine
2 tablespoons sugar

1 tablespoon unflavored gelatin
1 1/2 cups cold coffee brew
1/2 cup sugar
1 tablespoon lemon juice
1/2 teaspoon vanilla
2 egg whites

Crush corn flakes into fine crumbs. Blend butter and sugar. Stir in corn flakes crumbs. Press evenly, and firmly around sides and bottom of 9-inch pie pan. Chill.

Soften gelatin in 1/2 cup cold coffee brew. Heat remaining coffee brew; add softened gelatin and one-quarter cup of sugar, stirring until dissolved. Stir in lemon juice and vanilla. Chill until mixture begins to set. Beat egg whites until stiff but not dry. Beat remaining sugar gradually into egg whites; continue beating until mixture stands in stiff peaks. Fold into the gelatin mixture. Spread in corn flakes crumb crust; chill until set. Serve with whipped cream, if desired.

For complete relaxation, bathe in a tub scented with pine. To stimulate circulation and refine the skin, on the other hand, a salt scrub with a body brush is perfect.

City Resident Among VGH Nurse Graduates In May

Miss Norma June Anderson, of this city, will be among the one hundred and fifty young women who will graduate from the Vancouver General Hospital School of Nursing on Wednesday, May 12.

Graduation Exercises for this class, which is the largest class in the history of the school, will be held at the University of British Columbia Armoury commencing at 8:15 p.m.

Major speaker at the Graduation Exercises will be Dr. A. M. Agnew, clinical professor and chairman of the Department of Obstetrics and Gynaecology at the University of British Columbia and at VGH. Other speakers will be A. L. "Sandy" Wright, chairman of the VGH Board of Trustees, and Miss Helen M. King, VGH director of nursing. Invocation will be delivered by Rev. George H. Hamilton.

Dr. L. E. Ranta, VGH assistant director (medical), will announce the diplomas, which will be presented by Miss King and Miss Helen M. Mussallom, associate director of nursing education at the Hospital. Prizes and scholarships will be announced by L. N. Hickernell, director of the Hospital, and presented by Mrs. Myron M. Weaver, wife of the dean of the Faculty of Medicine, UBC, and Miss Harriet Levenick, associate director of Nursing Service at VGH.

A full program of activities is arranged for the week preceding graduation. Included are the VGH Nurses' Alumni Association banquet on May 4, at 7 p.m. in Hotel Georgia; a dance on May 6, from 9 p.m. to 1 a.m. by the VGH Board of Trustees at the Commodore Club; a tea by the School of Nursing staff on Sunday, May 9, from 3 to 4:30 p.m. in the lounge of the Nurses' Residence; and also on Sunday, May 9, a special church service at 7 p.m. at Canadian Memorial Chapel, conducted by Rev. James G. Gorwill.

Working With The Red Cross

MRS. C. M. FINNISS, WOOL CONVENER

When Mrs. Finnis came as a bride to Penticton 33 years ago, she found it a different town to the one we know today. Although the population was smaller then, there was still the need for women with community spirit to work for the good of all.

Although Mrs. Finnis did not begin her Red Cross work here until the second world war began, she was no stranger to the movement, having gained knowledge of the work while teaching school in Medicine Hat, Alberta.

She first started in Penticton with the United Church group of the Red Cross, meeting every week, graduating later to the work centre of the Red Cross where she became wool convener with Mrs. R. Warr, Sr., giving wool to volunteer knitters, then taking charge of the finished work when returned.

Associated with Mrs. Finnis in this work for many years was the late Mrs. C. W. Lintott, who until her recent illness, had been in her accustomed place every week at the wool table.

Mrs. Finnis wishes to pay tribute to the women who have worked and are working at knitting, baby and children's garments, men's socks and comforts for veterans' centres. They are Mrs. S. D. Evans, of Poplar Grove; Mrs. D. A. Kay, of Baptist members; Mrs. J. Shaw, Mrs. H. J. Hughes and the late Miss L. Redman and Miss J. Redman, of the British Israel group.

Mrs. Harry Shaw, also of the British Israel Group, who has turned in beautiful work although an arthritic working under a great physical handicap.

Kelodan ladies convened by Mrs. H. W. Corbett and others too numerous to mention.

Mrs. Finnis has come a long way from her native Nova Scotia, and is now an integral part of the Okanagan.

When asked if there were any highlights in her career, Mrs. Finnis replied, "Yes, I will never forget the embarrassment I felt when during the war years I was part of my duties to explain to knitters of men's socks, the correct way to 'too off' these socks; you see these women were, many of them, experienced knitters before I was born."

"The Red Cross is always looking for volunteer knitters and will welcome new workers, just phone Mrs. Finnis 3893."

"12 YEARS OF GROWER USE PROVE" Fermate

OUTSTANDING FOR SCAB CONTROL

"FERMATE" is outstanding also because it controls more diseases than any other fruit fungicide. Powerful against disease, "FERMATE" is mild on foliage, and does not cause costly chemical russetting that reduces grade and quality. This "powerful yet mild action" produces higher yields of clean, firm apples—with fruit colour that makes number one grade.

MANZATE	Controls 8 Major Tomato Diseases and gives exceptional protection on these crops—potatoes, carrots, onions, celery, grapes and peaches.
PARZATE fungicide	Powerful Yet Safe: PARZATE protects a wide variety of plants against fungous diseases—and won't burn or harm young foliage.
ZERLATE fungicide	For Vegetables and Fruit: ZERLATE effectively controls fungous diseases on vegetables—and on apples, peaches and pears as well. ZERLATE is equally mild on foliage.

DUPONT SPREADER-STICKER
Increases Effectiveness of Spray Mixtures
Sprays containing Spreader-Sticker often adhere more evenly and stay on foliage longer.

Ask for them by name at your local farm supply store

SHIRLEY TEMPLE, now Mrs. Charles Black, is shown leaving Santa Monica Hospital Saturday with her eight-day old daughter Lori. The Blacks have another daughter, six, and a son, two.

Farewell Party Honors Canon And Mrs. Harrison

SUMMERLAND — To fittingly mark the official termination of Canon F. V. Harrison's rectorship of St. Stephen's Anglican Church, members of the congregation held a party to honor him and Mrs. Harrison on Easter Monday, April 19, in the parish hall.

Canon Harrison will continue until the end of June when Rev. A. A. T. Northrup of Grand Manan, N.B., will arrive to become rector. The Harrisons will live in Summerland on retirement.

Dr. D. V. Fisher, people's warden expressed appreciation of the work done here by Canon Harrison as well as at other places where he had been before coming to this parish. J. Y. Towgood of the church committee was master of ceremonies and the 125 present enjoyed solos by Walter Wright and Harry Howis, with Mrs. Guernsey, Sr., and Mrs. A. Watt, accompanists. The Girls' WA choir sang, as well, with their leader Mrs. Watt, accompanying. Later C. Clarke, rector's warden, gave a congregational gift of a handtooled bag to Mrs. Harri-

Golden Wedding Celebration By Mr. and Mrs. G. Inglis

SUMMERLAND — Over a hundred friends called at the home of Mr. and Mrs. George Inglis, Summerland, on Tuesday, April 20, when they celebrated their golden wedding.

Mrs. Inglis said, "It was when the bells were ringing for peace in 1918 that we left Saltcoats, Sask., where we were married in 1904 and where we had lived since that time, to motor to Summerland."

George Inglis married the former Una Cecilia Ward in a ceremony performed by Rev. Mr. Henderson, a Presbyterian minister.

While Mr. Inglis has retired from barbering business, which he carried on in Saltcoats and here, he has always been interested in community projects and in good weather and sometimes poor, is out on the lake a great deal of the time enjoying his boat and fishing.

Mrs. Inglis has been an active member of the Lakeside W.A., the Guide Association, Rebekah Lodge, hospital auxiliary and Women's Institute. Her beautiful needlework, crocheting and knitting has taken many prizes in competitions.

At the reception Tuesday afternoon and evening, their son, Earle Inglis, opened the door to guests and their daughters, Mrs. Fred Schumann, Dartmouth, N.S., and Mrs. O. Morphy, Sutherland, Sask., assisted them in receiving. Serving were Mrs. Earle Inglis and their granddaughter, Miss Shirley Schumann, Penticton, Miss Marjorie and Miss Loretta Inglis, Summerland, Miss Betty Green was a servitor in the evening.

The tea table was centred with an anniversary cake and beautiful flowers. The couple was given a basket of flowers by the Rebekah Lodge and received other gifts.

Out-of-town guests included W. Inglis, Miss Norma Inglis, Vancouver; Mr. and Mrs. T. Matlice, Oliver; Mr. and Mrs. George Preston, Mr. and Mrs. James Wilson, Penticton.

Protect bottoms and sides of pots and pans for outdoor cooking with a thin film of soap. Later, the soot will wash off easily with the soap.

BACKACHE May be Warning

Backache is often caused by lax kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backaches, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulates the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now.

Miscellaneous Shower Honors April Bride

Mrs. Dawson Raincock, Mrs. Juan Puddy and Mrs. Carl Hafner were recent co-hostesses at the home of the former, entertaining at a miscellaneous shower for a recent bride, Mrs. Elmer Brochu, the former Miss Ann Cramer.

Many pretty gifts were presented to the honoree after which delicious refreshments were served by the hostesses.

Present at the party for the April bride were Mrs. H. A. Cramer, Miss Barbara Puddy, Mrs. C. Hafner, Mrs. F. Bertram, Mrs. Lillian Street, Miss Pearl Brochu, Mrs. Bob Smith, Mrs. D. Raincock, Mrs. E. Cockell, Mrs. W. I. Ebbett, Miss Shirley Hafner and Mrs. Guy Atkins. Others presenting gifts but not present at the party were Mrs. A. Turner, Mrs. B. Manery, Mrs. J. W. Watson and Mrs. Flora Jordan.

SUMMERLAND — Miss Joyce Smith, popular elder daughter of Mr. and Mrs. L. A. Smith, West Summerland, was married quietly in Penticton on Easter Monday, to Robert Reed of Langley Prairie. Mr. and Mrs. Reed are spending their honeymoon in the states.

If your skin is blemished and you feel you must wear makeup, at least protect your skin from further infection by applying a medicated lotion first.

Good posture is the best aid to an attractive bustline. Simply by holding your chest high and your stomach in, you can improve your appearance considerably.

MORTGAGE LOANS

Before you discuss the details of your project, save yourself time and trouble by reading our pamphlet "Loans for Home Building". It describes the basic conditions under which loans may be made. Ask for a copy at any of our branches.

THE ROYAL BANK OF CANADA

SURE I'LL POLISH THE FLOORS!

Sure he'll polish the floors because the days of polishing by pushing and pulling a clumsy weighted brush are gone forever! There's hardly any work at all to putting a gleaming shine on floors with a G-E Floor Polisher. You just guide it over hardwood, linoleum and tile floors and in a matter of minutes they gleam with a high lustre.

You get all these convenience features

SNAP-ON BRUSHES AND BUFFING PADS

Polishing brushes have finger pull attachments for easy removal... lamb's wool buffing pads that snap on to brushes give that final high-gloss finish.

EASY TO USE

Because the two brushes rotate in opposite directions one exactly counter-balances the other. Eliminates tendency to "run away".

LIGHT TO CARRY

Weighing 16 pounds, it is light enough to be carried easily from room to room... yet heavy enough to do a lovely polishing job.

GETS INTO CORNERS

As the brushes rotate they flare out, making it possible to polish deep into corners and close to baseboards, furniture and rugs.

GENERAL ELECTRIC

Polisher

Here's the Amazing
G-E Swivel Top Cleaner

This G-E Cleaner has the remarkable Swivel-Top that rotates in a complete circle... lets you clean a whole room without once moving the cleaner. See the G-E Polisher and Cleaner today.

Start At Top, Work Down When Painting

The proper redecorating of a room calls for starting at the top and working your way down. In other words, don't do the walls and woodwork first and then, as an afterthought, decide to do the ceiling. Unless, of course, you like to do things the hard way. If you paint the ceiling last, you risk the chance of spoiling what was done previously.

As in most types of painting, a little extra preparation is probably the most important secret of good results. For one thing, do not begin to paint a ceiling unless you can do the entire job at one time. When doing the walls, it is possible to leave one or two walls over the next day. Or until after meal time or to run an errand. But when painting a ceiling, do it without interruption or there will be a definite mark at the point where you resumed painting. That means careful attention to details... little things... like being sure enough paint is on hand for the full job, so you won't have to run out to get more when you're three-quarters through.

BUILD SCAFFOLD
Your first concern is how you are going to reach the ceiling comfortably. A single stepladder is not practical, since it will have to be moved far too often. With two stepladders, a good scaffold can be built by setting up a plank between them. This method can also be used with two sturdy chairs forming the ends of the scaffold or you may find it more convenient to stand on a table or some other piece of furniture if you take precautions to keep it from getting scuffed or spattered. But in any case, don't try to be an acrobat. Be sure that whatever you are standing on will support you.

Rearrange the furniture so that it either will not be in your way or can be moved quickly. Remove as much of it from the room as possible, especially lamps and other things that might be knocked over. Take down drapes, curtains and anything which cannot be conveniently covered. Don't depend on careful painting to protect them. No matter how careful you are, some drops of paint are bound to fall. If the ceiling is dirty, wash it first with warm water and a detergent. We're assuming that no plastering has to be done, but if it does, be sure that the patches are sealed to prevent excessive paint absorption. This can be done with a ready-made sealer. Or you can do the patching one day, give the patches a couple of coats of paint and then do the entire ceiling another day.

When it is necessary to protect the walls, run masking tape along the walls at the ceiling line. This is particularly important when the ceiling is to be painted. Whether you are using a brush or a roller, always work across the width of a room rather than the length. By painting across the narrow dimensions, you can move from wall to wall and get back to start the next strip before the paint begins to set. Taking the screws out of a ceiling fixture so that it can be lowered a little will make a neater job. Always keep the container of paint in back of you so that you won't knock it over as you move along the scaffold or table or whatever you are standing on. Always start painting the ceiling in a corner. If you are using a brush, dip it in about an inch

or two and flow on the paint with light strokes. Don't brush the paint out as you see professional painters do when painting the outside of a house. Exterior painting calls for a different technique. In doing a ceiling, just strike each separate application of paint enough to spread uniformly. A little paint is more bound to drip down the handle now and then. But if this happens too often it means you have thinned the paint too much or you are dipping the brush too deeply or you are pressing the brush too hard against the ceiling.

USING A ROLLER
When using a roller, do not overload it. Be sure to roll out the excess on the upper part of the pan, which has ridges just for that purpose. Work slowly, moving the roller along in even strokes. When the roller is moved too rapidly, it throws out little spots of paint ahead of it. Don't force the roller into corners. Use a small brush in tight spots which cannot be reached easily with the roller. You might want to consider the possibility of buying an extension handle which can be attached to the roller. This will enable you to paint most of the ceiling without getting in a scaffold or table. In buying a roller, ask your dealer to recommend the type best for the kind of paint you are using. Rollers are made of various kinds of fabrics and some fabrics work better with particular types of paint. In some places it is possible to buy small rollers made especially for corners and mouldings.

Painting a ceiling is a bit more tiring than painting a wall, but it is not the difficult job some people make it out to be. Very often those who talk about what a tough job it is are those who have never done it. Spend a little extra time on preparation and you'll find the painting itself easier than you thought.

Liquid Fertilizer Reduces Deficiency

Vegetable experts say plants transplanted in paraffin-coated paper cups or milk cartons may become stunted and yellowed. Vegetable specialists say bacteria in the soil go to work to decompose the containers. But the paraffin-coated paper does not decompose readily. And the bacteria takes a large amount of nitrogen from the soil as they act on the containers. It is the lack of nitrogen that causes plants to become stunted and yellowed. However, they do extend helpful words to gardeners who like paper cups and milk cartons for transplanting cabbage, eggplant, tomatoes and peppers. The specialists say the containers may be used without danger of the plants becoming nitrogen deficient. They suggest the deficiency be guarded against by watering the plants with liquid fertilizer. The liquid fertilizer may be made by dissolving about one tablespoon of starter solution in one gallon of water.

RNA SMALL HOUSE DESIGNS—Here is a two-story, basementless house which offers spacious accommodation. Architect Basil Capes, of Toronto, has designed the house along simple lines for economy but has used a wide window and planting area to enhance the exterior appearance.

All rooms are of more than ample dimensions, and are arranged for convenient living. This is particularly evident in the combined living and dining area which is well-lighted but has one unbroken wall for placing of furniture. The U-shaped kitchen boasts plenty of cupboard space and is adjacent to a storage room. Larger storage space is located off the utility room.

A generous supply of closet space is provided upstairs where a large bedroom is located at either end. A smaller third bedroom and a bathroom complete the second storey plan.

The total floor area of the house is 1,596 square feet while the cubic measurement is 17,820 cubic feet. The exterior dimensions are 41 feet, eight inches, by 19 feet, two inches. Working drawings for the house, known as Design 523, may be obtained from Central Mortgage and Housing Corporation at minimum cost.

Annuals Are Simple To Grow, Colorful, Productive, Prolific

The simplest flowers to grow — and the least expensive — are annuals.

Annuals grow so rapidly that they will self-sow and produce a second crop of flowering plants the same season.

One of the most colorful annuals is the marigold — which can be grown in a number of different varieties, from the low-growing "little dwarf" double French to the towering Africans.

Annuals have three advantages. They give the most flowers for the least money — the quickest results and, generally, have a much longer season of bloom than the "hardy" flowers such as perennials, shrubs and bulbs.

Select your annuals to fit your own locations and growing conditions. This will mean giving careful attention to such "cultural" information as you can find in catalogues as well as to the blurb about size of blooms and color. Moreover, a plant with a great many small flowers may be much more colorful in the garden than one with a few very large ones.

Many of the low-growing annuals are ideal for providing masses of color in the mixed border, or by themselves. Dwarf types are excellent as edging for the front of a border, or along walks or driveways.

As for full sun, annuals of medium height are legion.

And among the plants which can be used for background planting are included castor oil bean — tithonia and Russian sunflowers.

The most reliable annual vines are morning glories — moon flowers — cup and saucer vine and climbing varieties of nasturtiums.

Not many annuals do well in

Get Out And Dig But Do It Right

It's a happy day for every gardener when spring arrives and he can get out into his garden and dig! And, surprisingly enough, there are right and wrong ways to do this simple garden chore.

The area to be spaded up should be raked clean of all debris that has collected through the winter.

When you start your digging, don't try to hurry by taking too big a bite with your spade or fork. Large pieces of soil can't be turned and broken up properly.

To do an effective spading job,

push the work straight down to a depth of about 10 inches, rather than thrusting at an angle. Turn and shatter each spadeful.

Don't rush your digging job! Use this simple test to be sure the soil is fresh to work. Take a handful of freshly dug soil and squeeze it firmly. If it stays in a ball when you open your hand, the soil is too wet. If you go ahead with your planting now, the soil will probably stay hard and lumpy all summer.

But if the handful of soil falls apart when you open your hand, it is ready to work.

Heavy clay soils can be greatly improved by digging organic matter into them.

Ready Mixed Concrete

MONEY SAVES YOU

Pare down high labor costs on construction jobs! We'll deliver your concrete already mixed. No wastage. No time lost. Excellent results!
